EXCLUSIVE, NEW AND FABULOUS!

I am very excited to be able to bring to Creata Direct Fashion one of the most amazing fashion items I have ever seen – **the scarf garment**.

These are designed by Liz Davenport – a highly respected and renowned Australian designer.

I have been an avid customer of Liz's scarf garments for years. Whenever, I returned to Australia I visited the Liz Davenport retail store in Sydney to collect her latest designs and have always been stunned by their beauty.

Because I spend so much of my time travelling, another reason why I love these scarf garments is that you can turn each of the 5 different scarf designs in 10 different garments. They fold up into a really small space and allow you to turn a really basic wardrobe into a huge variety of different fabulous looks. I now only need a wheel on rather than a large check in bag for travel.

Liz no longer has her retail stores and the scarf garments she has designed for Creata Couture are totally exclusive. Quite apart from being one of a kind in Australia, there is nothing like them anywhere else in the world. **They are a true Aussie innovation!**

“HAVE FUN, JOIN CREATA DIRECT, ENJOY BEING THE LIFE OF THE PARTY”

Creata Couture is extremely proud to be able to offer you, our talented consultants, the perfect party sales product. It is so much fun to show in moments how you can dress up dreary basic black pants and top into 10 different glamorous outfits with each scarf garment. In the next pages you will see how this is done and we have also produced videos for you which I am sure you will enjoy showing to your customers.

Have fun, make great sales and enjoy being the life of the party.
