

AlphaBind - CM

Heavy-Duty Manual Comb Binding System

Following the great success of the MegaBind, the new AlphaBind - CM offers a high-quality but economically priced comb binding machine. It is an ideal system for those who work mainly with letter-size sheets. The die disengagement pins allow for punching of all paper sizes without any partially punched holes, while the depth and margin control guides ensure that your sheets are situated for an optimal comb bind.

KEY FEATURES
