

# Excelam Plus 2700

## 27" Hot Roll Laminator

The Excelam Plus 2700 has easy-to-use features that make it ideal for both beginning and expert users alike. This system incorporates the latest heated roller technology for high quality lamination and a digital LCD display where temperature and speed settings can be easily adjusted to make each project successful.

### KEY FEATURES

- 27" heated rollers
- Variable speed and temperature
- Stand-by mode
- Adjustable side slitters
- Release liner take-up
- Heavy-duty stand with casters

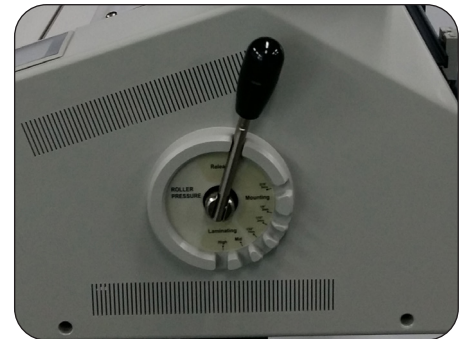

### Innovative Decurling Bar:

The decurling bar works to prevent projects from curling and losing its original desired result.
