

MINILAM B3

Industrial Laminator for Offset and Digital

This machine features a user-friendly touch screen interface, quick-load expanding film shaft, high-speed deep pile feeder, automatic balanced temperature, precise pressure adjustments, and accurate overlap control. With the ability to run sheets up to 15" x 27.5" at speeds up to 49 feet per minute, the MINILAM B3 will give you a competitive edge in the print finishing market. This machine is an excellent choice for laminating all thin gauge LAMAPLY films and DIGISLEEK foiling.

KEY FEATURES

- Load up to 15" in feeder
- Solid steel construction
- Film and digital compatible
- Touch screen
- Air fans on exit
- Auto-load feature

Digisleek Module Option:

Multifunctional devise that allows metallic foiling, varnishing, and spot varnishing.

OPTIONAL

Double side lamination module

Laminating module

Feeding module

Description	Specifications
Dimension	74.75"L x 39.75"W x 61"H
Sustrate Weight	90 # text / 130 # cover
Power Requirement	220 v
Power Consumption	50 - 60Hz
Max. Laminating Speed	49 ft / min

Description	Specifications
Warm-Up Time	15 min
Air Compressor	Plant air
Heating System	Sealed auto-balance system
Pressure Control	Pneumatic cylinders
Film Core	3"
