

PODTopic-380RZ Laminator

POD Semi-Automatic Thermal Laminator

The PODTopic-380RZ Laminator is a print on-demand single-sided lamination system. With maximum sheet size capabilities up to 15"W x 48"L this unit is an excellent compliment for any print engine on the market today. Pneumatic chrome lamination rollers truly set the new standard in compact production environments.

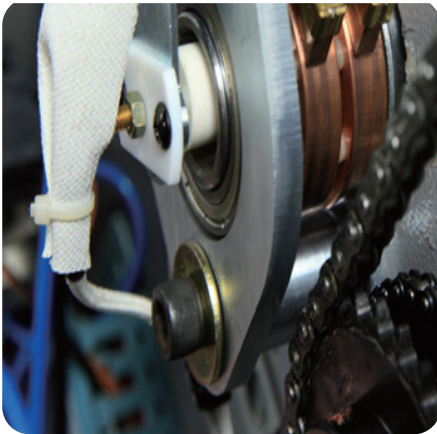

KEY FEATURES

- Compact design
- Foldable feeding table
- Selectable slope angles
- Film tension control device
- Ergonomic touch screen
- Enhanced laminating pressure

Efficient Thermo-Couple Sensor:

Temperature sensing method inserted in the roller shell to ensure success.

Air cooling system

Foldable feeding table

| Description | Specifications |
|-------------------|--------------------|
| Dimension | 67"L x 28"W x 53"H |
| Pressure Control | Pneumatic cylinder |
| Power Requirement | 220 - 240 v |
| Power Consumption | 50 - 60 Hz |
| Warm-Up Time | 5 minutes |

| Description | Specifications |
|-----------------------------|--|
| Heating System | Infrared heater |
| Max. Paper Size | 15"W x 20"L (option 48"L) |
| Max. Laminating Temperature | 302°F |
| Max. Laminating Speed | 5ft - 39ft / min |
| Front and Rear Roller | Top (high gloss chrome) / Bottom (silicon) |
