

Creative Pop up Dens (Medium & Small)

Product Notes

www.tts-shopping.com

These frames create a range of little dens. They can be decorated in a variety of ways to create cosy, friendly environments.

- Decorate with shiny fabrics and foils to make a sparkly den. Try adding a treasure chest.
- Make a rainbow den with different coloured fabrics.
- Make a space themed den using foils and shiny fabrics.
- Make a snow cave with white, fleecy fabric. It could also be an ice cave. You could use Glacier Bricks around the edge.
- Make a den with a forest theme. Try decorating it with hessian and fastening leaves to the fabric. Around the edge you could place pretend rocks and plants.
- Match the cave to story themes. eg. 'Cave Man Dave', 'We're going on a Bear Hunt', Sleeping Beauty etc.
- Make the den a nice, cosy space to read a book or have a chat with friends.
- What will you find in the den? Leave interesting things to promote conversations. You might leave a box and inside there could be a message on a luggage label, attached to a key. Does the key open? Who does it belong to? Imagine finding a treasure chest with jewels, necklaces etc. Wrap something up with layers of paper and leave it to be discovered.
