

SAFETY DATA SHEET

SECTION 1: IDENTIFICATION OF THE MATERIAL AND SUPPLIER

- **Product (material) name:** Milk of Eucalyptus Sanitise/ Deodourising Cleaner
- **Other names:** MOE
- **Recommended use:** Antimicrobial cleaning & deodourising
- **Supplier:** Sprint Cleaning Products 1/90 Heathcote Rd Moorebank NSW, 2170
- **Tel:** 02 8712 2406
- **Emergency:** Contact Poisons Info Centre 131 126 or Manufacturer

SECTION 2: HAZARDS IDENTIFICATION

Classification of the substance or mixture:
 Ingredients are hazardous according to the criteria of the GHS.

Pictograms

Signal word: Warning

Hazard statement(s):

- H302: Harmful if swallowed
- H312: Harmful in contact with skin
- H317: May cause allergic skin reaction

Precautionary statement(s):

PREVENTION:

- P102 Keep out of reach of children
- P262 Do not get in eyes, on skin or on clothing
- P281: Use personal protective equipment

RESPONSE:

- P301 + P330 + P331 IF SWALLOWED: rinse mouth. Do not induce vomiting
- P305 + P350 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313 If eye irritation persists, immediately call a POISON CENTER or doctor/ physician
- P303 + P361 + P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

SECTION 3 : COMPOSITION/INFORMATION ON INGREDIENTS

MIXTURE

□ Ingredients	CAS No	Proportion %
Pine Oil (Turpineol)	8006-39-1	<5
Eucalyptus Oil	8000-48-4	<5
D'Limonene	5989-27-5	<2
Nonyl Phenol 13 moles	9016-45-9	<1
Calcium Dodecylbenzene Sulphonate	26264-06-2	<1 -
Water & Other non-hazardous ingredients	-	To 100

This is a commercial product and the exact ratio of ingredients may vary slightly and trace quantities of impurities are also possible.

SECTION 4: FIRST AID MEASURES

Eyes: If contact occurs, flush eyes thoroughly with lids held open for 10 minutes and seek Medical assistance

Ingestion: Rinse out mouth with water – do not induce vomiting and seek Medical assistance

Skin: If contact occurs, remove contaminated clothing and rinse are thoroughly. If symptoms persist, seek Medical advice

Inhalation: Move patient away from source and to fresh air. Seek Medical assistance

- **Facilities:** Availability of water, Eye Bath, Shower and First Aid Kit
- **Advice to Doctor:** Treat symptomatically – not regarded as dangerous

SECTION 5: FIRE FIGHTING MEASURES

□ **Suitable extinguishing media:** Carbon Dioxide; Dry Powder; Foam; Water Fog or Spray

□ **Hazards from combustion products:** May give off CO, CO₂, NO_x

□ **Special protective precautions and equipment for fire fighters:** Wear protective clothing and breathing apparatus if fumes are evident

SECTION 6: ACCIDENTAL RELEASE MEASURES

□ **Emergency procedures:**

NB Standard Supply Volume per pack: 5l or up to 20l

Avoid breathing fumes and any physical contact by wearing appropriate protective equipment and clothing.

Caution: contaminated areas will be slippery

□ **Methods and materials for containment and clean up:** Contain and clean up spills with absorbent and dispose of through a licensed operator.

Do not allow product to enter drains or contaminate waterways

SECTION 7: HANDLING AND STORAGE

□ **Precautions for safe handling:** Avoid contact by wearing appropriate protective clothing and gear. Users should not eat, drink or smoke whilst handling the product and wash hands after use

Do not mix with any other chemicals or cleaning materials

Product is intended for use when diluted 9 : 1 with water. At that dilution it is no longer classified as Hazardous but must still be clearly identified in a labelled container.

□ **Conditions for safe storage:** Store containers tightly sealed and in a safe cool place away from any reactive chemicals such as oxidising agents, bleach and alkalis and acids.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

- **National exposure standards:** No data Available
- **Biological limit values:** No data available
- **Engineering controls** Ensure adequate ventilation when decanting and using.
- **Personal protective equipment:** Wear impermeable gloves, goggles and clothing

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**Products are Colour Coded**

- Appearance :** Thin White Opaque liquid:
- Odour :** Eucalyptus
- pH :** 7 - 8
- Vapour pressure** Not determined
- Vapour density** Not determined
- Boiling point:** approx 100 Deg C
- Freezingpoint** Not determined
- Solubility:** Readily miscible in water
- Specific gravity:** Approx .98

Information for flammable materials, including:

- Flash point:** N/A
- Flammable limits:** N/A
- Autoignition temperature:** N/A

SECTION 10: STABILITY AND REACTIVITY

- Chemical stability:** Considered stable
- Conditions to avoid:** Exposure to reactive materials

SECTION 11: TOXICOLOGICAL INFORMATION **Health effects from the likely routes of exposure:**

Eyes: Irritating to eyes

Ingestion: Harmful if swallowed

Skin: Extended contact may cause irritation..

Inhallation: Vapour, mist and fumes can cause irritation or burns to the respiratory tract.

SECTION 12: ECOLOGICAL INFORMATION

- Ecotoxicity:** No data available
- Persistence and degradability:** No data available
- Mobility:** No data available
- Environment:** Do not allow to contaminate waterways
- Bioaccumulative potential:** Not established

SECTION 13: DISPOSAL CONSIDERATIONS

- Disposal methods:** Per Local Waste Authority or through licensed contractor
- Special precautions for landfill or incineration:** Consult State Land Waste Management
- Containers:** Recycle wherever practical,

SECTION 14: TRANSPORT INFORMATION

- UN Number:** Not allocated
- UN Proper Shipping Name** Not allocated
- Class and subsidiary risk** N/A
- Packing Group** N/A
- Special precautions for user:** Avoid Contact or Inhalation of Fumes
- Hazchem Code:** N/A

SECTION 15 REGULATORY INFORMATION

All ingredients are listed on the AICS.

SECTION 16 OTHER INFORMATION

□ **Date of preparation or last revision of the SDS:** December 2016

□ **Key/legend to abbreviations and acronyms used in the SDS:**

Acronyms:

ADG Code	Australian Code for the Transport of Dangerous Goods by Road and Rail (7 th edition)
AICS	Australian Inventory of Chemical Substances
ASCC	Office of the Australian Safety and Compensation Council
CAS number	Chemical Abstracts Service Registry Number
GHS	Globally Harmonised System of Classification and Labeling (GHS)
Hazchem Code	Emergency action code of numbers and letters that provide information to emergency services especially firefighters
IARC	International Agency for Research on Cancer
NOS	Not otherwise specified
NTP	National Toxicology Program (USA)
STEL	Short term exposure limit
SUSMP	Standard for the Uniform Scheduling of Medicines & Poisons
TWA	Time weighted average
UN Number	United Nations Number

Disclaimer:

A) This SDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. The information is meant to describe Safety Requirements of the product and should not be construed as guaranteeing specific properties. This SDS is analogous to the data for the principal components of the mixture/compound. No warranty, express or implied, is made as to its accuracy, reliability or completeness.

B) Each user should read this SDS, all product labels, and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products. If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company.

C) We can not accept any liability for any damage or injury caused by the product as it is sold and its use, handling and storage are completely out of our control.
