use.

8. Exposure controls/personal protection

Occupational SWA exposure limits: None established

exposure limit values

Biological Limit

None established

Values

Appropriate Keep containers closed when not in use.

engineering controls

Respiratory No special precautions required.

Protection

Eye Protection Wearing of the following personal protective equipment may be advisable.

Safety glasses.

Hand Protection Wearing of the following personal protective equipment may be advisable. P

neoprene or nitrile rubber gloves.

Personal Protective When repeated exposure is expected use sensible work practices that reduce

Equipment operator exposure to the product.

9. Physical and chemical properties

Form Liquid

Appearance Clear colourless to off-white liquid

Odour Characteristic

Boiling Point approximately 100°C Solubility in Water Miscible with water Specific Gravity 0.99 - 1.01 g/ml

pH 6.5 - 7.5

Flash Point none

Flammability Non flammable

10. Stability and reactivity

Conditions to Avoid Use only as directed. Store in accordance with directions given in Section 7

(Handling and storage) of this SDS.

Incompatible Avoid contact with anionic surfactants.

Materials

Possibility of This material is stable under normal conditions of storage and use. No know

hazardous reactions hazardous reactions.

Other Information Store in a cool, dry place
