

Tap Connections Guide

If you have a Tap like this...

...then you need this Tap Connector:

Standard Round Tap Connector

Item code: P00011 -

Provided your tap shaft is up to 18mm diameter

You may wish to order a second connector to reduce filling time.

Included in Basic and Standard Kits.

Multi-Purpose Tap Connector

Item code: P00010

Provided your tap shaft width is less than 32mm and height less than 40mm

Included in Basic and Standard Kits.

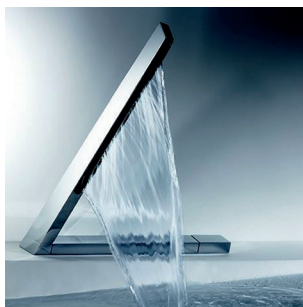

Round Mixer Tap Connector

Item Code: P00339

For wider tap shafts up to 27mm diameter

If you have a Tap like one of these...

...try a tap in a nearby room!
