ROLL UP LURE BAGS

BG01

DESCRIPTION: Designed to be compact and easy to care for, Fathom Offshore lure roll up bags eliminate the hassle of tangled lures and sun-damaged skirts. Made from durable high quality nylon with breathable mesh backs for fast and easy after fishing clean up. Simply unroll the bag, hang it from a t-top rocket launcher and hose down; all the water simply drains out the bottom leaving your lures free from salt and ready to stow.

AVAILABLE CONFIGURATIONS

LURE ONLY: \$7.49

TER MINI SOFT **HEADS**

DESCRIPTION: Take your ballyhoo or dead bait to the next level with the all-new "Mini Soft Heads." These high quality, durable, high contrast miniature lures add just enough pop and color to your ballyhoo rig (circle or J-hook) to give you the edge and get noticed.

EPIC SQUID CHAIN (PRE-RIGGED)

PRC-ECM20

XS

PRE-RIGGED: \$47.99

DESCRIPTION: 4 Epic squids rigged on 6' of 100lb mono, including a snap swivel in the last squid thats connected to a matching pre-rigged Bubble Trouble lure. This creates the appearance of fleeing squid or baitfish on the surface being chased. This commotion with the trailing bait creates a predatory response and reaction strike. These chains are deadly on Dolphin and smaller tuna like Blackfin and schooly Yellowfin. FULLY RIGGED. No bait needed, simply connect to your mainline and start fishing.

BUBBLE TROUBLE HALF PINT

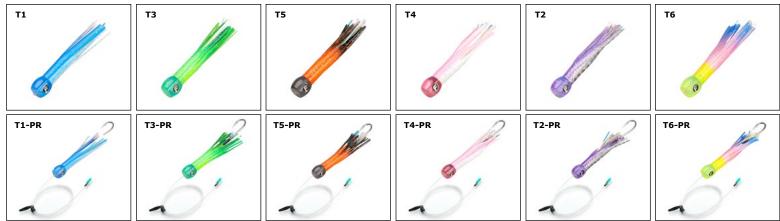

SUGGESTED HOOK SIZE: 7/0 Short Shank

LEADER CLASS: 100# Mono SKIRTED LENGTH: 4"

LURE ONLY: \$22.99

PRE-RIGGED: \$33.99

DESCRIPTION: The Bubble Trouble is a lightweight lure crafted from our high quality LURE HEAD LENGTH: .75" hand poured resin. From the color to the action, the Bubble Trouble trolling lure offers up a shine and pop that drive Tuna and Mahi wild. The ultra-lightweight construction SKIRTED WEIGHT: .5 oz allows for the Bubble Trouble to be pulled at speeds in the 4-7 knt range, traditionally reserved for dead bait. This allows the lure to be a perfect addition to a Ballyhoo or dead bait spread. Adding some color and pop to a ballyhoo spread can often be the "odd man out" approach needed to draw strikes.

EPIC SQUID CHAIN (CHAIN ONLY)

C-ECM20

CHAIN: \$12.99

DESCRIPTION: With 4 ECM Epic squids rigged on 6' of 100lb mono, including a snap swivel in the last squid, this chain makes it easy to add your favorite small / medium lure or dead bait. Simply connect a rigged lure / bait (with a 2-3' leader) to the snap swivel inside the last ECM squid. This creates the appearance of fleeing squid on the surface being chased. This commotion with a trailing bait creates a predatory response and reaction strike. These chains are deadly on Dolphin and smaller tuna like Blackfin and schooly Yellowfin.

ECM20-5PK

5 PACK: \$7.99

DESCRIPTION: These bite sized squids are perfect for rigging on chain, spreader bars and dredges when looking to target a variety of offshore game fish. Made from the same materials and processes as our trolling lure replacement skirts, the ECM squid features a light weight hollow tube style body with squid shaped nose fins and rear tentacles. 5.5" in length When rigged in groups, these little guys mimic the smaller bait sized ball of squids that drive tuna and dolphin insane.

BIRD HEAD CHAIN (PRE-RIGGED)

PRC-BH20

PRE-RIGGED: \$59.99

DESCRIPTION: This chain utilizes 4 of our Semi rigid bird heads rigged on 150lb mono to create a killer chain thats bound to get noticed. Connected to the snap swivel inside the last bird is a pre-rigged small Bubble Trouble lure in matching color scheme. This chain creates the illusion of a bait chasing a series of flying fish re-entering and skittering on the surface that drives fish crazy. Get noticed and get bit.

BUBBLE TROUBLE SMALL

TL30XS SM

DESCRIPTION: The ultra-lightweight construction allows for the Bubble Trouble to be pulled at speeds in the 4-7 knt range, traditionally reserved for dead bait. This allows the lure to be a perfect addition to a Ballyhoo or dead bait spread. Adding some color and pop to a ballyhoo spread can often be the "odd man out" approach needed to draw strikes.

SUGGESTED HOOK SIZE: 8/0 Short Shank

LEADER CLASS: **150# Mono**LURE HEAD LENGTH: **1"**SKIRTED LENGTH: **5"**SKIRTED WEIGHT: **1 oz**

LURE ONLY: \$27.99

PRE-RIGGED: \$40.99

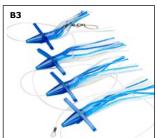

BIRD HEAD CHAIN (UN-RIGGED)

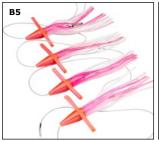

C-BH20

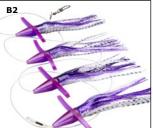

CHAIN: \$31.99

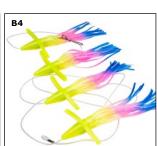

DESCRIPTION: This chain utilizes 4 of our Semi rigid bird heads rigged on 150lb mono to create a killer 6' chain thats bound to get noticed. Simply run as a teaser, or connect your favorite lure or dead bait to the snap swivel enclosed inside the last bird to enhance its effectiveness. This chain creates the illusion of a series of flying fish re-entering and skittering on the surface that drives fish crazy

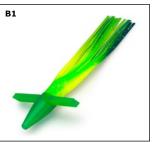

BIRD HEADS (INDIVIDUAL)

BH20

INDIVIDUAL: \$6.99

DESCRIPTION: Perfect for rigging on chains, in spreader bars, or any time you want to add a little surface action to an existing lure or bait. These semi rigid birds are made from a pliable PVC that holds up to years of abuse and feature skirted tentacles to add that little bit of extra action you don't get from traditional hard birds. Measuring in at 7" in total length, these fish raising lures are the perfect size for all species of saltwater game fish such as Tuna, Dolphin, Wahoo, Sailfish and even Marlin.

SMALL LURE ONLY: \$22.99

SMALL RIGGED: \$36.99

MEDIUM LURE ONLY: \$27.99

MEDIUM RIGGED: \$42.99

SCREAM MACHINE

TL31

SM-MD

DESCRIPTION: A staple in the Northeast for decades, the Green Machine has been a go to in the spread of Tuna fishing boats for as long as we can remember. Our take on the iconic classic fish raiser, the Fathom Offshore Scream Machine. Available in two effective sizes, Small 9" and Medium 11" Made from the same quality resins and dyes as our high end traditional trolling lures, with durable and vibrant skirt colors.

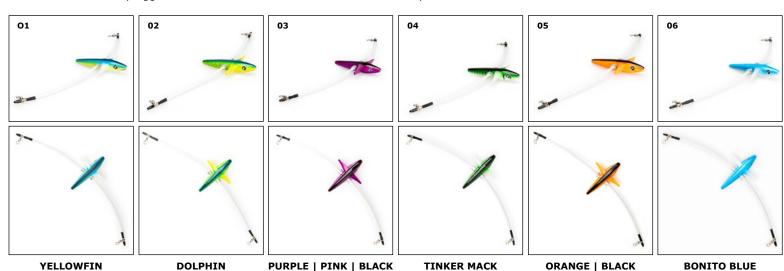

AGITATOR BAR (UN-RIGGED)

AB-SB5 AB-SB7

5" BAR ONLY: \$17.99

7" BAR ONLY: \$21.99

DESCRIPTION: Rig as a teaser or with a hooked trailer bait, the Agitator bar has a ton of rigging options that can be tailored to your target species from Spanish to Dolphin or Sails. This 5" bird features 1000lbs through cable with stainless drop swivels at each end. Perfect for adding Fathom Mini Skirts or a duster or spoon of your choice. A center through hole allows for direct connection to the rigged bait or center chain. Also available in a fully rigged version with mini skirt dusters and center snap swivel.

AGITATOR BAR (PRE-RIGGED)

AB-SB5

PRE-RIGGED: \$43.99

DESCRIPTION: The Fathom Offshore agitator bar is the go to lure when you want to create some action, and draw strikes from all types of offshore game fish. Featuring our agitator bird bar rigged with 6 Mini Skirt dusters. A 1000lbs coated through cable holds a drop chain with 2 skirts on each end; this cable gives just the right amount of flex, creating an action that elicits an aggressive response. The 8' of 150lbs mono leader continues through the center of the bird, ending with 2 Mini Skirts, the last of which contains a hidden snap swivel.

Simply attach your favorite rigged bait or lure to the snap swivel and watch it work. While the bird and skirts act as a teaser, the trailing bait offers a simple "easy odd man out" approach that fish can't resist. We recommend a 3' to 4' leader when attaching the rigged bait to the snap swivel, this keeps the bait just far enough back to look like the bait that fell behind the group.

ECM AGITATOR BAR (PRE-RIGGED)

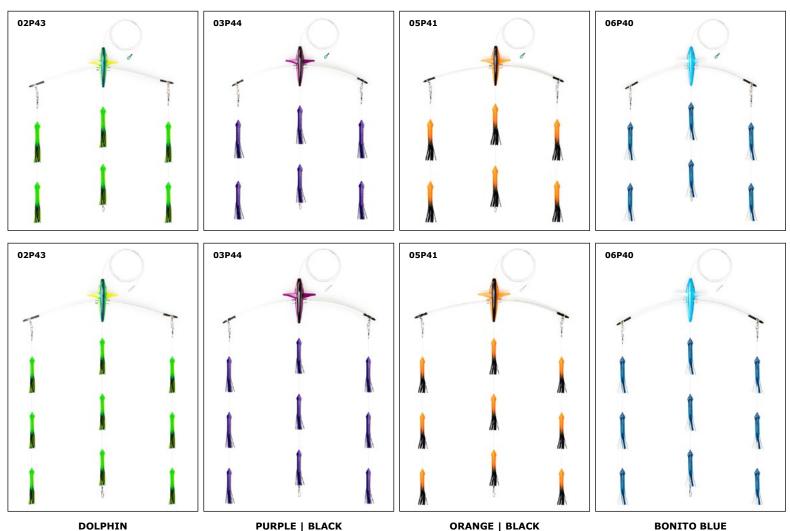

AB-SB5 AB-SB7

5" RIGGED: \$43.99

7" RIGGED: \$49.99

DESCRIPTION: The Fathom Offshore agitator bar is the go to lure when you want to create some action, and draw strikes from all types of offshore game fish. Featuring our agitator bird bar rigged with Epic Squids. A 1000lbs coated through cable holds a drop chain with skirts on each end; this cable gives just the right amount of flex, creating an action that elicits an aggressive response. The 8' of 150lbs (or 12' of 250lbs) mono leader continues through the center of the bird, ending with Squids, the last of which contains a hidden snap swivel.

Simply attach your favorite rigged bait or lure to the snap swivel and watch it work. While the bird and squids act as a teaser, the trailing bait offers a simple "easy odd man out" approach that fish can't resist. We recommend a 3' to 4' leader when attaching the rigged bait to the snap swivel, this keeps the bait just far enough back to look like the bait that fell behind the group.

MINI SKIRTS (3 PACK)

MSK-3PK

3 PACK: \$8.99

DESCRIPTION: Fathom Offshore Mini Skirt dusters are perfect for all types of live and dead bait trolling. No matter what you're fishing for, King Mackerel, Mahi, Tuna or even Sailfish, simply slide a Mini Skirt over the nose of your favorite bait to add some color and flash to help get noticed. Perfect over Ballyhoo, live Pogies, Cigar Minnows, strip baits, or even rigged on its own with a j-hook for a killer peanut dolphin, bonito and blackfin lure.

Made with a high quality anodized aluminum head, hand tied mylar and bling, with waxed thread and glue to secure; no more broken or dryrotted rubber bands.

BLUE | CHARTREUSE

MINI SKIRT CHAIN

C-MSK

PRE-RIGGED: \$32.99

DESCRIPTION: The Fathom Offshore Mini Skirt chain is the go to rig for multiple hookups and filling the cooler. This 10' long chain is built on 150lb mono, featuring 4 stainless drop swivels, 5 mini skirt dusters all rigged with 7/0 stainless steel short shank hooks. Perfect for targeting blackfin, and dolphin. Originally designed in the gulf for rapid catching of multiple tunas for live baiting, the same method would often prove effective on bringing multiple dolphin and other species to the boat.

TIP: If you get a knockdown (more often than not the first bite comes on the last trailer rig) when the fish starts to run retrieve slowly, the additional drops swing out and pull alongside the fish often leading to additional bites and multiple hook ups.

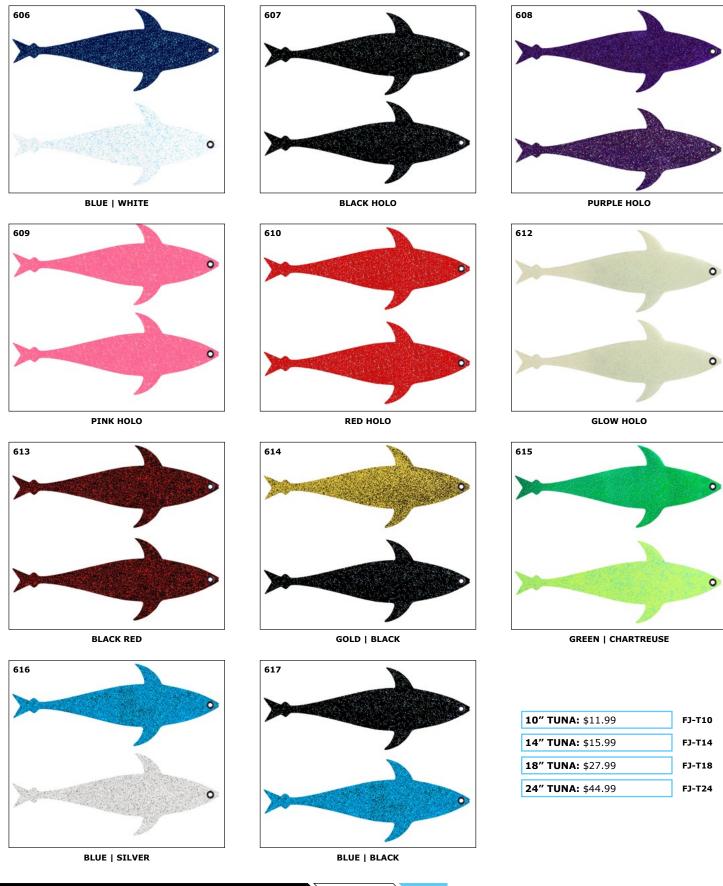

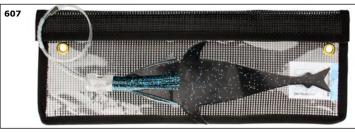

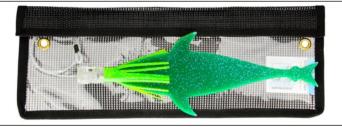

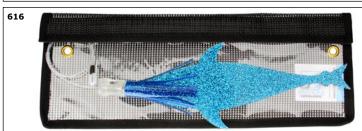

TUNA FLAPJACKS

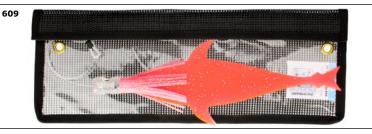

FJ-T

DESCRIPTION: All new colored Flapjacks are made from our same proprietary material that we use in our skirts. Tough, durable, and most importantly catch fish and get noticed. Use behind a squid chain to mimic a feeding tuna, or rig multiples on a dropper chain or dredge to really get some attention.

FLAPJACK TEASER CHAIN

FJ-T-CFT

615

DESCRIPTION: Featuring a mini chugger rigged Tuna flap, these teaser chains are perfect for adding to the back of a squid chain to give the illusion of a tuna chasing a squid ball. The mini chuqqer allows for a pop and splash that resembles the breach and re-entry of a feeding Tuna. This feeding action creates a frenzy with nearby fish. **10" Flap Teaser:** \$31.99

14" Flap Teaser: \$34.99

18" Flap Teaser: \$47.99

SQUID DREDGE (NO TANGLE)

DESCRIPTION: This no tangle dredge is made from the absolute highest quality components on the market, at a price that won't sink the ship. Made with stainless bars, quality rigged connections, and Fathom Offshore SR squids in dozens of colors, this easy to break down pro quality system is sure to become a favorite. This tournament proven fish raiser can be scaled up by simply disconnecting the center connecting squid, adding a section, and re-connecting. No more spending half the day untangling traditional chandelier dredge systems; the independent tiered system makes deployment a breeze with no tangles. Easy single person deployment and retrieval. Also includes a Large Dredge Bag.

DR

PIN HEADS DREDGE

PIN HEAD: \$14.99

DESCRIPTION: Featuring an oversized .27" through hole, designed to fit over the largest gauge dredge pin right out of the package, no more drilling out expensive lures. A non-weighted head that adds little to no additional weight on the dredge but all the flash, color, and action your looking for. Give your dredge an upgrade with Pin Heads.

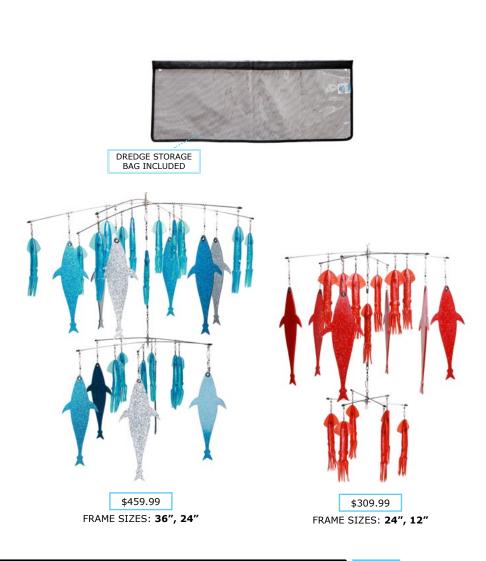

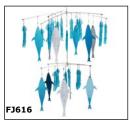

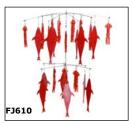

FLAP COMBO DREDGE

DESCRIPTION: Featuring a 36" and 24" or 24" and 12" dredge frame loaded with colored 14" tuna and SR30 squids, this dredge is the ultimate fish raiser when targeting blue marlin and other large pelagic species. Easy, to deploy and retrieve with one person. Give your spread that something extra that drives billfish crazy.

RB-64

RUBBER BANDS

RB

1/10 LBS

DESCRIPTION: Finally a rubber band that combines both UV and heat resistant properties. No more dried cracked out bands. Sold in 1/10th lbs bags.

RB-32: \$4.49

RB-64: \$4.49

HOOK LOCKS

Н

DESCRIPTION: (Sold in tubes of 6) A must have for any serious lure fisherman, allowing for a secure and straight hook connection between lure and hook-set. These hook locks eliminate spinning or turning of hooks that can negatively affect the running motion of the lure. Simply glue to the skirt saddle of your favorite lure and sink the mono to hook connection (crimp) inside of the hook lock.
