## What is SafeGold?

SafeGold is a safekeeping solution that provides our clients with peace of mind for their wealth portfolios. SafeGold is a proven, trusted and insured safe custody that can be accessed at any time.

Our clients can arrange to view their items in-store or at our head office and will receive continuous updates about inventory, insurance and other important information.

Welcome to the only  
safekeeping you'll need.

### Unlimited Storage:

One size fits all. We do not increase pricing based on the amount of valuables you store with us, or the value of the collection.

### Safety Uncompromised:

Ensuring that you have total and complete peace of mind.

### Trusted:

Over five decades, we have built up trusted relationships with our vaults and insurers to bring our clients an unparalleled offering.

### Highly Competitive Pricing:

We're better priced and we are insured.

### Global Access:

We have state-of-the-art infrastructures in place to ensure that your valuable portfolio is secured.

### Value Added Services:

Assistance in wills, estates, and exchange control.

Why should I choose  
SafeGold over a  
competing storage  
facility?

### Contact Us:

**Tel:** +27 (0)11 784 8551

**Email:** [info@safegold.co.za](mailto:info@safegold.co.za)

**Website:** <https://scoinshop.com/safegold>

### How is SafeGold managed?

All our clients receive an itemised account of their SafeGold items on a continuous basis. We manage our clients' coin collection without the hassle of a safety deposit box.

### How can I trust SafeGold?

As the market leader for almost 50 years, we have spent decades building trusted relationships with our partners, vaults and insurers to ensure that our clients experience world-class service at a reasonable rate.

### Can I store some of my coins at SafeGold and some at home?

Yes, it is entirely up to the client to decide what is stored with SafeGold. However, Safegold offers insurance on all coins and bullions, including Krugerrands (which cannot be insured at a private residence).

### How do I start using SafeGold?

Visit us in-store to discuss your safekeeping needs, send us an email, or give us a call on 011 784 8551.
