

What's your goal?

Let us know what your goal is, we'll help you get there.

I want a factory that:

- Generates CBD products
- Generates THC products

My factory should take in:

- 1000 to 3000 kg per day of biomass*
- 3000 to 6000 kg per day of biomass*
- 6000 to 9000 kg per day of biomass*

My factory should be located:

City

State

I want to sell my products to:

- Business' creating white labeled products
- Business' further refining extracts
- Business' distributing to consumers

I currently:

- Have a building
- Square footage
- Need a building

I want my factory to be online by:

Date

My factory should produce:

- Crude unrefined extracts
- Partially refined extracts
- Fully refined isolates
- Custom blended extracts

My incoming biomass will be:

- Fresh harvested on-stock (wet)
- Stripped from stock (wet)
- Dried (<12% water) and bucked
- Dried (<12% water) and shredded to ¼"

*Biomass: raw hemp or cannabis plant material

Submit your completed factory questionnaire to us.
