

ROGER GEORGE

SPECIAL EFFECTS

Instructions on Setting Up Holatron Receiver (User-Configurable)

1. Open Receiver and set Dip Switch to E.
2. Turn on Receiver and Transmitter, fire one cue and hold until the green light on Receiver goes out.
3. Turn off Receiver and Transmitter.
4. Set Receiver to F.
5. Turn on Receiver and Transmitter and check if Receiver fires six (6) cues.
6. Turn off Receiver but DO NOT turn off Transmitter.
7. Set second Receiver to E and turn on.
8. Fire #7 cue with Transmitter, hold until green light on Receiver goes out, turn off and set second Receiver to F.
9. Turn off Transmitter and both Receivers, then turn back on and check that all twelve (12) cues will fire.
10. Cheer!
