

Holatron-to-Look Fog Machine Controller

InstantFire Controls

Two Button Transmitter Controls

- "A" x1 = Minimum Fog
- "A" x2 = Low Fog
- "A" x3 = Medium
- "A" x4 = High Fog
- "A" x5 = Maximum Fog
- "A" x6 = Fog Machine Off
- "A" x7-12 = N/A

To reduce the fog output:

Press "A" until the fog machine is off.

Turn off the transmitter.

Enable the transmitter.

Wait until "Enabled" flashes green.

Press "A" until reaching the desired level of fog output.
