Preparation:

- Prepare 6 aromatherapy steam towels by adding 6 drops of Moor Spa Circulation Formula to a basin of warm water. Soak towels in water, ring excess moisture, and place in hot cabi.
- Mix 7 drops of Moor Spa Circulation Formula, 1 tbsp. of Sugar Cane Crystals, 0.25 oz. of crushed Rose Petals, 1.5 tbsp. of Pure-ssage Essential Massage Oil in a rubber flexi bowl and place in a hot cabi to warm. You can add additional oil just before use if you prefer a more moist consistency.
- Place 3 tbsps. of Moor Spa Seaweed Gel Body Mask in a rubber flexi bowl and place in hot cabi to warm.
- Place 1 tbsp. of Moor Spa Purifying Massage Balm in a dish to massage the legs and feet, and 0.5 tbsp. of Moor Spa Purifying Massage balm in a separate dish to massage hands and forearms.
- Fill footbath with water, slightly above room temperature. It's important that the water not be too hot to avoid denaturing the essential oils. Add 7 drops of Moor Spa Circulation Formula and 0.75 oz. of Spa Pantry Rose Petals to the footbath.

What to Do:

1. While soaking client's feet, massage 1 hand and forearm with Moor Spa Purifying Massage Balm.
2. Apply 0.5 tbsp. of the warm Moor Spa Seaweed Gel Body Mask to the hand and forearm with a mask brush, using slow, relaxing movements.
3. Wrap the hand and forearm with a Moor Spa Circulation Formula aromatherapy steam towel.
4. Place the hand in an Eco-fin Fingerless Liner, then in an Eco-fin Herbal Mitt.
5. Repeat massage, mask application, and wrap on second arm.
6. Exfoliate calves and feet with the pre-mixed scrub. Remove with water from footbath. We recommend scooping the rose petals from the footbath prior to draining.
7. Mist the legs and feet with ESS Rosewater Toner.
8. Massage calves and feet with Moor Spa Purifying Massage Balm.
9. Apply 1 tbsp. of the warm Moor Spa Seaweed Gel Body Mask to 1 leg with a mask brush or hands. Wrap the lower leg with a Moor Spa Circulation Formula aromatherapy steam towel. Leave toes exposed.
