

LIVE PROBIOTIC SKINCARE

Enzyme Exfoliating Facial

Perfect for your most sensitive clients, LaFlore Enzyme Exfoliating Facial gently and thoroughly sloughs away dead skin cells to reveal healthy glowing skin.

Complexion is not only smooth and glowing, but the powerful Live Probiotics will allow your guests' sensitive skin to relax and repair without additional stress.

Treatment time:

**20-30
mins**

Suggested price:

\$99-125

Cost per treatment:

\$10.96

SAMPLE MENU DESCRIPTION:

A brightening treatment, this gentle facial is ideal for those who have sensitive skin or conditions that can be reactive to more aggressive forms of exfoliation.

Gentle but effective bioactive fruit enzymes and topical LIVE probiotics are used to increase cellular turnover.

What you'll need:

LaFlore®
LIVE PROBIOTIC SKINCARE

Regardless of age, skin type or skin concern, LaFlore® Live Probiotic Skincare will help create optimum skin health at the most profound level possible, the human microbiome.

PRO 1 FL OZ
LF207**

Protocol:

CONTRAINDICATIONS:

- Open or broken skin
- Discontinue use if irritation occurs

STEP ONE: PRE-CLEANSE

LaFlore® Product:

- Enzymatic Cleanser

Dampen the skin with water or a steamed towel. Use 2-3 pumps of Enzymatic Cleanser and massage into face and neck. Remove cleanser using sponges, steam or cool towel or damp 4x4 wipes.

STEP TWO: CLEANSE & EXFOLIATE

LaFlore® Product:

- Enzymatic Cleanser
- Enzyme Exfoliating Booster

Mix 2-3 pumps of Enzymatic Cleanser and 1/2 to full dropper of Enzyme Exfoliating Booster. Apply to skin and leave on for 3 to 5 minutes. This will provide exfoliation without stripping the skin. Add water to finger tips and gently massage for 90 seconds before removing. Remove cleanser using sponges, steam or cool towel or damp 4x4 wipes.

STEP THREE: MASSAGE

LaFlore® Products:

- Longevity Concentrate

Use 2-3 drops of Longevity Concentrate. Perform a 10 minute pressure point facial massage. Remove excess with a warm steamed towel or blot with tissue or 4x4 (for drier skin types/conditions)

STEP FOUR: TREAT

LaFlore® Products:

- Live Probiotic Concentrated Serum
- Eye Cream Complex

Use 1 pump of Live Probiotic Concentrated Serum, activate by rubbing in hands and press to evenly distribute onto the skin. Allow 1 minute for absorption. Apply 1 drop of Eye Cream Complex to ring fingers, tap together and gently massage under the eyes.

STEP FIVE: MOISTURIZE

LaFlore® Products:

- Daily Defense Moisturizer

Use 2 pumps of Daily Defense Moisturizer and evenly distribute onto the skin.

What they'll want:

**DAILY DEFENSE
MOISTURIZER, 2 FL OZ
