## **Nufree® finipil® Client Information Record Form and Release**

Nufree finipil hair removal should not be combined with any other products.

Your technician will only be using Nufree approved epilating strips, applicators, erasing lotion if necessary, and **finipil antiseptic**. No alcohols, astringents or powders can be applied before removal. After the removal is complete, **finipil antiseptic** will be applied to instantly cool and protect the now empty follicle.
