

PREvention®

MASSAGE BASALT STONE PROTOCOL

How to Clean & Disinfect Massage Basalt Stones with Prevention™ Wipes or Ready-to-Use Spray

1

Pre-clean oils and other debris from the stones using soap and warm water. Rinse off the stones and if desired, wipe dry.

2

Gently wipe the stones evenly using Prevention Wipes or Spray each stone with Ready-to-Use Spray.

3

Allow the stones to remain wet for **1 minute** to kill bacteria, viruses and fungi.

Gently wipe the stones with a clean, damp cloth to remove any remaining detergent residue.

4

Ensure the stones are completely dry prior to use in the next appointment.
