Protocol

1

PREPARE

Preheat your towel cabi for at least one hour before your first treatment. Put 1 mitt liner into each sleeve, drop the Eco-fin cube into each liner, and roll the sleeve over itself.

2

HEAT

Place the prepared roll inside the hot towel cabi for a minimum of 25 minutes. Warm with dry heat only. Once the cube is melted, you may unroll the sleeve and slide it onto your guest's hands.

3

MASSAGE

Once the mitt is on, help disperse the rich emulsion evenly by massaging it over the hands. After 10-15 minutes, remove the mitts and liners and massage the remaining product into hands or forearms.

4

FINISH

Place a hand towel under the treated hand, leaving enough free to wrap and dry the arm. Using the Eco-fin Pure Aloe Finishing Spray, lightly spritz the treated area. Massage and buff with a hand towel until skin appears dry, allowing the oils to disperse.

5

NECK WRAP

After the service has been completed, offer your client a Kozi neck wrap. Warm or chill to relax tight, stressed neck muscles.

Protocol

RASPBERRY & GRAPEFRUIT MIMOSA

While enjoying the neck wrap, offer your client a raspberry & grapefruit mimosa. Fill stemware glass or champagne flutes half full with grapefruit juice. If client desires alcohol, top off with champagne of your choice. Garnish with fresh raspberries.
