<b>JUMBO</b>	42	51	75	100
<b>MONSTER</b>	51	+	101	+

Bully Bites

Options for Bully Bites Curly Bully Sticks and Braided are available upon request.

# Bully Sticks

Braided Collagen offers the weight range as the average bully stick. Flavored from the natural juices of our bones these present a more affordable option than bully sticks . Currently these are offered in 6 and 12 inches and are great rawhide free option. Collagen is Excellent support for healthy skin, promotes bone development, and healthy joints for mobility.

# Braided Collagen

Shin & marrow bones are filled with nutrients, including collagen, iron, and b vitamins. Collagen is great for, including improved skin and coat, joint pain relief, and digestive health. Meanwhile, iron and vitamin B keeps k9s energized and healthy. The Shins come in 8 inch and 11 inch options. The marrow bones are in 5inch 7 inch and 9 inch options.

# Shin & Marrow Bones

Great for any dog's dental health. This highly digestible chew's color is due to the differences processing. The brown ones (**26 grams avg, 4-6 inches**) can be harder and the white ones (**36 grams avg. 6 to 8 inches**) puffier. Ears are mainly made up of cartilage and are full of chondroitin. This helps improve joints & cartilage, and specifically aids dogs with arthritis.

# Bovine Ears

The trachea is also known as one of the safest chews. Similar to beef skin, the dog chew turns into small bits, rather than jagged pieces with sharp edges. 100% digestible beef tracheas are considered a great bone-free beginner chew for dogs over 16 weeks old. Cattle windpipes are rich in nutrients like glucosamine and chondroitin, which are both known to support the joint health and mobility of dogs. Available in 6 or 12 inches.

# Beef Trachea

Half Pig Ears 20 grams

Pig Ear Normal 40 grams

Pig Inner Ears

Pig Ears Cuts

Pig Ear XL 80 grams

Pork Strips

# Pig Ears

Chicken feet are highly nutritious for dogs. They have two main health draws to them; they help manage joint conditions, and they help maintain dental hygiene.

Dried Duck Feet are high in protein grain and gluten free, making it a great choice for dogs with dietary sensitivities, and high in calcium for healthy skin and coat.

# Duck and Chicken Feet

Standard Hooves are all-natural and long-lasting chews. Gnawing on hooves naturally helps promote healthy teeth and gums. Beef tail chews are very nutritious with a high protein content and contain many vital vitamins and minerals required for good health.

# Cow Hooves and Tails

Easily digestible beef tendons are not only rich in collagen, but also glucosamine, chondroitin sulfate, and elastin. These essential proteins provide elasticity and hydration to your dog's skin and fur, help to keep his joints strong and flexible, and support strong bones. Offering a Jumbo and Regular size beef tendon (20-55 grams 6- 11 inches).

# Beef Tendon

## Love These Treats!

“Jojo Modern Pets always has the best treats for dogs! Everyone raves about them and I am so pleased with everything I have ordered!! Thanks for a job well done!”
