## 1. Mount the Car Baby Camera

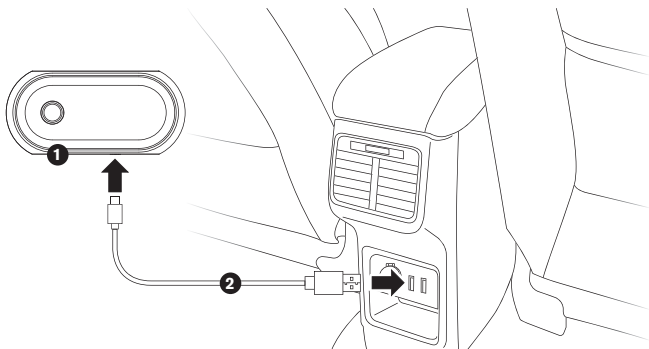

Option 1

Option 2

## 2. Connect to Power

# INTRODUCTION

Please read all of the installation instructions carefully before installing the product. Improper installation will void manufacturer's warranty. The installation instructions do not apply to all types of vehicles, and are written as guidelines to assist in installing the system.

Consult an experienced technician if you are not comfortable installing the product. You can also contact YADA at **1.866.294.9244** to speak to one of our installation specialists if you have any specific questions regarding the Car Baby Camera with APP Controlled.

**BEFORE using the Car Baby Camera with APP Controlled, please read the safety information provided in this user manual. ALWAYS use the product as outlined in this user manual.**

Please make sure to read and understand all local laws and regulations regarding cameras and their use in a vehicle. Laws vary by state.

## PRODUCT OVERVIEW

- 1. Light Sensor
- 2. LED Indicator

- 3. Camera Lens
- 4. USB-C Power Port

## CAMERA DIMENSIONS

## INSTALLATION

Before selecting which camera mount to use, it is best to determine where in the car the Car Baby Camera will best be placed in order to capture the image of your baby's car seat. Make sure the Car Baby Camera is not located near the airbag. If your car seat is rear or forward facing you have several options:

## Option 1: Headrest Mount with Straps

Use the Headrest Mount with Straps to attach to the headrest of the front or back seat by pulling the vertical and horizontal straps and securing with the plastic ladder lock buckle. The Car Baby Camera should be mounted tightly to the headrest so that the Car Baby Camera is stable. The Car Baby Camera can then be adjusted to angle accordingly to capture the entire car seat. Adjust the angle of the Car Baby Camera by loosening the nut and rotate to your desired angle.

## Option 2: Spring Loaded Clamp

To mount the Car Baby Camera using the Spring Loaded Clamp, place the clamp around the headrest pole that best suits the Car Baby Camera placement that is needed. Attach the Car Baby Camera on the bracket of the clamp. Adjust the angle of the Car Baby Camera by loosening the nut and rotate to your desired angle.

## CONNECT TO POWER

The Car Baby Camera comes with a 9.8' (3m) USB-C Power Cable which can be plugged into any available USB media port in your vehicle.

Starting with the power cable plugged to the base of the Car Baby Camera. Ensure that the cable is not in contact with the car seat or within reaching distance of the baby. It is recommended to tuck the cable behind the seat, lining, rug or panels in order to keep it from tangling or getting caught in any object.

Once you have the Car Baby Camera secure in its mount, and the power cable tucked carefully out of the way, you can plug the power cable into the USB media port.

**NOTE:** If your vehicle does not have a media port you need to connect the power cable to the 12/24V power socket through a USB power adapter (not included in this package).

## USAGE PRECAUTIONS

Many vehicles provide constant power to the 12V/24V outlet. If your outlet provides constant power, please remember to unplug the Car Baby Camera when not in use to avoid draining of the vehicle's battery.

## DOWNLOADING THE APP

The Car Baby Camera auto sync function enables you to control and play back recorded media files using your smartphone with the YADA Drive APP. Scan the QR code on the right or search "YADA Drive" in the APP Store or Google Play. Download and install the APP.

Compatible with iPhone 4s and higher, iPad3, iPad Mini, iPad Air and higher, and iPod touch 5th Generation and higher. Requires iOS 9.0 or higher.

Compatible with phones with Android™ 5.0 or higher.

# APP SETUP

## Auto-sync the Car Baby Camera with your smart device

1. Power on the Car Baby Camera, it will enter WiFi pairing mode automatically.

2. Launch the YADA Drive APP and tap on the BABY MONITOR category.

3. Select In Car Baby Monitor Camera from the list. Tap on **Set Up Device**.

### Android device

4. Tap the  icon and then the  Pair Camera Icon.

5. The APP will search for Car Baby Camera's SSID "YADA\_BBC01\_1080P\_XXXXXX." Tap **Connect**.

6. The APP will ask you to setup your Car Baby Camera's PIN for first time connection. Make sure you remember your password. To reset your password, please refer to the APP's  Info icon.

8. You should see the live view of the Car Baby Camera if the connection is successful.

**iOS device** (Follow steps 1-3 from previous page's instructions)

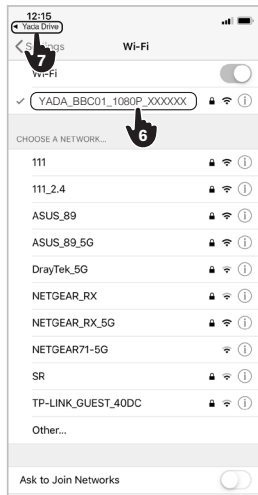

4. Tap the  icon and then the  Pair Camera Icon.

5. Tap Settings on the  APP permissions setting page. Scroll to the top, and press to enter the WiFi setting page.

6. Choose the Car Baby Camera's SSID "YADA\_BBC01\_1080P\_XXXXXX."

7. Tap on the YADA Drive icon to return to the APP.

8. The APP will ask you to setup your Car Baby Camera's PIN for first time connection. Make sure you remember your password. To reset your password, please refer to the APP's  Info icon.

9. You should see the live view  the Car Baby Camera.

**NOTE:** Tap on the  Info icon for more on-screen instructions.

## SAFETY INFORMATION

### IMPORTANT SAFETY INSTRUCTIONS

1. **SAVE THESE INSTRUCTIONS** – This manual contains important safety and operating instructions.
2. Before using the product, read all instructions and cautionary markings.
3. Do not expose Car Baby Camera to rain, moisture, or snow.
4. Use of an attachment not recommended or sold by the product manufacturer may result in a risk of fire, electric shock, or injury to persons.
5. To reduce risk of damage to Car Baby Camera and cable, pull by Car Baby Camera rather than cable when disconnecting from USB media port.

6. Make sure cable is carefully secured so that it will not be stepped on, tripped over, or otherwise subjected to damage or stress.
7. Do not operate Car Baby Camera with damaged cable – replace it immediately.
8. Do not operate Car Baby Camera if it has received a sharp blow, been dropped, or otherwise damaged in any way; take it to a qualified serviceperson.
9. Do not disassemble Car Baby Camera; take it to a qualified serviceperson when service or repair is required. Incorrect reassembly may result in a risk of electric shock or fire.
10. To reduce risk of electric shock, unplug Car Baby Camera before attempting any maintenance or cleaning. Turning off controls will not reduce this risk.

**WARNING:** A failure to read and follow these warnings and instructions may result in a serious accident, including damaged property or a serious injury, including loss of life.

- Adhere to all applicable traffic laws and motor vehicle regulations applicable to the device.
- Consult local laws and regulations for any restrictions on installation or use.
- Never allow children to play with the device. Small parts may be a choking hazard.
- If the temperature changes rapidly, the system may not operate normally.
- When strong light directly enters a camera, objects may not be displayed clearly.
- The colors of objects on the Car Baby Camera with APP Controlled may differ from those of the actual object.

- Do not use alcohol or thinner to clean the camera. This will cause discoloration. To clean the camera, wipe with a clean cloth dampened with mild cleaner diluted with water and then wipe with a dry cloth.

The Car Baby Monitor is a system that is intended as an aid to monitor your baby while you are driving by allowing for quick glances at your baby while facing forward and without having to turn around and take your eyes off the road. It is not a substitute for responsible and proper adult supervision of children and should not be used as such.

Make sure that at no time does the Car Baby Monitor Camera or cables come in any contact or within reach of your baby.

This product will only provide images of items that are within the field of view of the camera. Thus, it is imperative that the camera should be kept clean and unobstructed. And should be mounted so that its field of view includes the entire area around the car seat.

The Car Baby Monitor is made for use indoor or inside your vehicle. It is not meant for outdoor use. Do not get any of the Car Baby Monitor components wet or exposed to moisture. At any time, do not attempt to disassemble the camera, or use different cables other than the ones provided with the original packaging.

The car seat should be correctly mounted in the car as required by law. There is no need to have the baby in the car while the Car Baby Monitor is installed, and should be kept away as a precaution.

Before mounting the camera, check your local laws and regulations

regarding where the device is legally allowed to be mounted.

The camera should be mounted securely as instructed. At no time should it be loose or not fixed to the headrest.

DO NOT attach the camera to the car seat. DO NOT lay the camera loosely in the car seat.

This system is powered by plugging the USB-C power cable provided in this package into your vehicle's USB media port. Do not attempt to use any other power source or cables to operate this system.

The Car Baby Monitor is not a toy. At no time should children be allowed to play with it. It should only be operated by adults who have read the safety and operating instructions listed in this manual.

This product contains small parts. Adult installation is required. Exercise care when unpacking and assembling the product.

#### Strangulation Hazard:

Children have STRANGLED in cables. Keep the unit and cable more than 3 feet from the crib or car seat and out of baby's reach. NEVER place camera or cables within the crib or car seat. Secure the cable more than 3 feet away from the baby's reach.

# MAINTENANCE & WARRANTY

## Cleaning

- If dirt, rain water droplets, snow or mud adhere to the camera lens, rinse with water and wipe with a dry cloth.
- Do not use alcohol or thinner to clean the camera. This will cause discoloration. To clean the camera, wipe with a clean cloth dampened with mild cleaner diluted with water and then wipe with a dry cloth.

## Warranty

### YADA LIMITED WARRANTY

YADA warrants, to the original purchaser, that its products are free from defects in material and workmanship for 1 year from the date of original purchase. Where permitted by law, YADA's liability shall be limited to that set forth in this limited express warranty. This limited express warranty shall be the exclusive remedy of the purchaser and YADA makes no other warranty of any kind aside from the limited express warranty stated above.

**Note:** Warranty only applies for North American customers of purchases made in North America.

### CONDITIONS OF WARRANTY

If during the 1 year warranty period your new product is found to be defective, YADA will repair such defect, or replace the product, without charge for parts or labor subject to the following conditions:

1. All repairs must be performed by YADA.
2. All warranty claims must be accompanied by a copy of the sales receipt or bill of sale.

3. The equipment must not have been altered or damaged through negligence, accident, improper operation, or failure to follow the product instructions for installation, use, or care.
4. The replacement of parts is excluded from the warranty when replacement is necessary due to normal wear and tear.
5. Repair or replacement parts supplied by YADA under this warranty are protected only for the unexpired portion of the original warranty.
6. This is a "repair or replace" warranty only, and does not cover the costs incurred for the installation, removal or reinstallation of the product, or damage to any mobile phone device or vehicle.

### **OWNER'S RESPONSIBILITIES:**

YADA will make every effort to provide warranty service within a reasonable period of time. SHOULD YOU HAVE ANY QUESTIONS ABOUT SERVICE RECEIVED OR IF YOU WOULD LIKE ASSISTANCE IN OBTAINING SERVICE, PLEASE CALL TOLL FREE 1.866.294.9244 DURING REGULAR BUSINESS HOURS MONDAY THROUGH FRIDAY 8:00 AM TO 5:00PM.

Note: Toll Free # is for North America Customers ONLY. See Customer service section for customer contact numbers for other regions/offices.

For customer service and technical support, please call us at 1.866.294.9244. If at that time it is determined that a replacement unit is needed, the support representative will issue a Return Authorization and instruct on how to get a new unit.

YADA makes no other warranty of any kind aside from the limited express warranty stated herein.

DISCLAIMER OF WARRANTIES, INCLUDING WARRANTY OF  
MERCHANTABILITY AND WARRANTY OF FITNESS FOR PARTICULAR 19

PURPOSE: EXCEPT AS SPECIFICALLY SET FORTH HEREIN, NO WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, IS MADE AS TO THE CAR BABY CAMERA WITH APP CONTROLLED. EXCEPT AS EXPRESSLY SET FORTH HEREIN, YADA AND/OR ITS AFFILIATES EXPRESSLY DISCLAIMS, WITHOUT LIMITATION, ANY STATUTORY WARRANTIES AND ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

YADA and/or its affiliates do not guarantee or promise that the user of Car Baby Camera with APP Controlled will not be in an accident or otherwise not collide with an object and/or person. Our Car Baby Camera with APP Controlled is not intended in any way to be a substitute for careful and cautious driving or for the consistent adherence to all applicable traffic laws and motor vehicle safety regulations.

YADA and/or its affiliates are not responsible for a user's intended or actual use of the Car Baby Camera with APP Controlled. In no event shall YADA and/or its affiliates have any liability for any losses (whether direct or indirect, in contract, tort or otherwise) incurred in connection with the Car Baby Camera with APP Controlled, including but not limited to damaged property, personal injury and/or loss of life. Neither shall YADA and/or its affiliates have any liability for any decision, action or inaction taken by any person in reliance on the Car Baby Camera with APP Controlled, or for any delays, inaccuracies and /or errors in connection with the Car Baby Camera with APP Controlled and its functioning.

YADA and/or its affiliates shall have no responsibility or liability for damage and/or injury resulting from accidents occurring with vehicles having the  
20 installed, and YADA and/or its affiliates, the manufacturer, distributor

and seller shall not be liable for any injury, loss or damage, incidental or consequential, arising out of the use or intended use of the product.

## **GENERAL INFORMATION**

### **Customer Service/Contact**

IF YOU ARE EXPERIENCING ANY ISSUES WITH THE PRODUCT DURING OPERATION, DO NOT RETURN THE PRODUCT TO THE STORE. CONTACT YADA DIRECTLY FOR INSTRUCTIONS ON HOW TO RETURN/ EXCHANGE THE PRODUCT.

#### **FCC Compliance Statement:**

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or change to this equipment. Such modifications or change could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio

communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20cm during normal operation.

**⚠ WARNING:** This product can expose you to chemicals including Di(2-ethylhexyl)phthalate (DEHP) and Diisononyl Phthalate (DINP), which are known to the State of California to cause cancer and birth defects or other reproductive harm.
