10 Interesting Facts about the Logan Temple

1. Orson Pratt announced the Logan Temple site and groundbreaking on May 18, 1877.

2. Seven years after the groundbreaking the temple was completed and dedicated by President John Taylor on May 17, 1884.

3. The Logan Temple is the fourth temple constructed by The Church of Jesus Christ of Latter-day Saints. Previous constructed temples were Kirtland, Nauvoo and St. George.

4. Roughly 25,000 people worked on the construction of the Logan Temple.

5. Rocks and timber used for the temple were hauled from the Temple Fork area of Logan Canyon.

6. The exterior walls of the Logan Utah Temple were originally painted an off-white color. In the early 1900s the paint was allowed to weather away, uncovering the beautiful stone that characterizes the temple today.

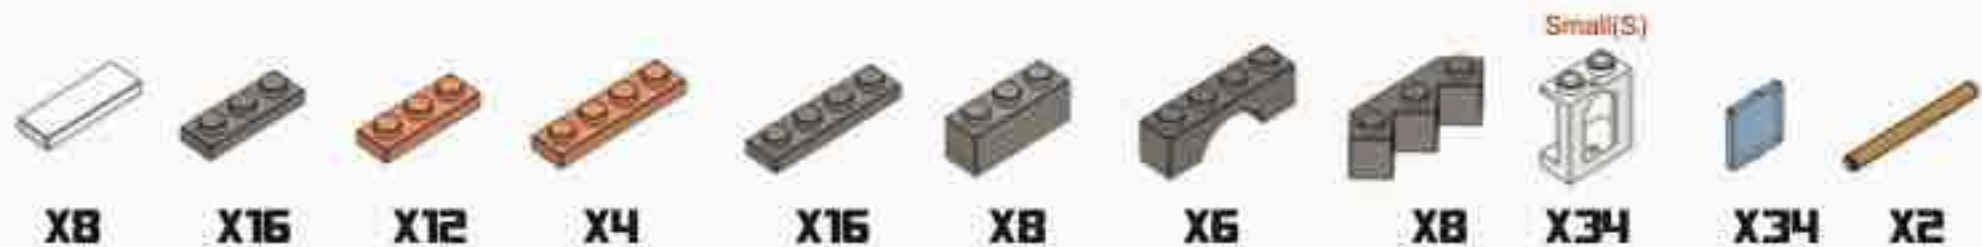

7. The exterior walls consist primarily of dark colored, siliceous limestone and buff colored sandstone for detailed shapes.

8. In 1949, the temple was remodeled and received updated lighting, heating, air conditioning, elevators and other modern conveniences.

9. In 1977, more remodeling was undertaken and the interior was completely renovated. After remodeling, the temple was rededicated by President Spencer W. Kimball on March 13, 1979.

10. The Logan Temple was placed on the National Register of Historic Places on November 20, 1975
