

ABEN SHOE RACK

We believe on the premise that furniture should not only help but serve as an extension of any living space. The Aben shoe rack is a perfect example of this because it is designed with the goal of making the experience of arriving home more pleasant. Built with It Mortise and Tenon joints reinforced with wooden dowels. It provides storage for shoes and other accesories, as well as seating space.

It can be made in any of our wood options. Featured here in Walnut.
