

KULTA DRESSER

The Kulta dresser is a piece that rethinks the idea of the dresser to make it as essential as possible. The design achieves this by integrating straight lines and joints. It is strongly built with miter joints and reinforced with loose tenons, and it also uses wedged mortise and tenon joints. At the end, the Kulta dresser is a piece that speaks of simplicity and beauty.

It can be made in any of our wood options. Featured here in White Oak.
