

NISSE CRIB

The Nisse collection is distinguished by its subtle clear lines and angular details. Assembled with bridle joints in the legs, loose tenons for the box structure and round mortise and tenon in the spindles that make up its sliding door. The door has a mechanism that function as a lock made with an exposed dowel of different wood. The door can be moved once the platform of the bed is slide by it dove tail slide. The bed can be adjusted to different heights so you and your baby are at the same level.

It can be made in any of our wood options. Featured here in a combination of Walnut and White Oak.
