INSTRUCTIONS

1. This form is to be used by the data subject who wishes to request the data controller to limit the processing of his or her personal data in any of the following situations:

- The processing of his personal data is unlawful and the data subject objects to the deletion of his personal data;

The controller no longer needs the personal data for the purposes of the processing, but the data subject needs them for the formulation, exercise or defence of claims.

2. It will be necessary to provide a photocopy of the ID card or equivalent document that proves the identity and is considered valid in law, in those cases in which the person responsible has doubts about his identity. In the event of acting through legal representation, the ID card and document accrediting the representation of the representative must also be provided.

3. The Spanish Data Protection Agency does not have your personal data and can only provide the contact details of the Data Protection Officers of the entities obliged to appoint one who have notified their appointment to the Agency. It can also provide these contact details for those entities that have voluntarily appointed a Delegate and have communicated it.

4. The owner of the personal data undergoing processing must contact directly the public or private body, company or professional of which he/she presumes or is certain that he/she holds the data.

5. So that the Spanish Data Protection Agency can process your claim in the event that your request to exercise your right to the limitation of processing has not been dealt with within a maximum period of one month, and provide any of the following documents:

- the refusal of the data controller to limit the processing of the requested data.
- a copy stamped by the data controller of the model request for restriction of processing.
- a copy of the request form for limitation of processing stamped by the post office or a copy of the receipt for sending it by registered mail.
- any other means of proof provided by the controller from which receipt of the request can be deduced.
