Description

The **Maxum** is a **WATTAGE SELECTABLE** and **CCT SELECTABLE** high bay featuring a patented design, with aesthetic modeling and unique style. It is occupancy sensor ready (It features a built-in occupancy sensor socket.) It has a luminous output of 170lm/W, making it an ideal solution for warehouses, factories, supermarkets, and other indoor applications.

Features

Available in 90/120/150W or 120/160/200W models, with CCT selectable for 3000K/4000K/5000K. Default Setting 4000K. Quality die-cast aluminum construction with multiple beam angle lens options make it a suitable fixture for a multitude of environments.

CRI: RA>70

Beam Angle: 120° (Standard)

Ambient Temperature: -40° to 45° C (-22° to 113° F)

IP65 Rated

IK09

Built-in Occupancy Sensor Socket (Sensor Optional)

Standard 0-10V Dimming down to 10%

Electrical Specifications

NEMA 4X Rated

Wattage Selectable Options: 90/120/150W | 120/160/200W

CCT Selectable: 3000K / 4000K / 5000K

Power Factor: >0.9

Standard 6KV Surge Protection

Efficiency: 170lm/W

Available Voltages: 120-347VAC (CUNV)

0-10V Dimming

Comes with a standard 1.83m (6ft) cord attached. 1.5m (4.92ft) safety cable included.

Certifications and Warranty

DLC and ETL listed with 6 year warranty.

PALLET QUANTITIES

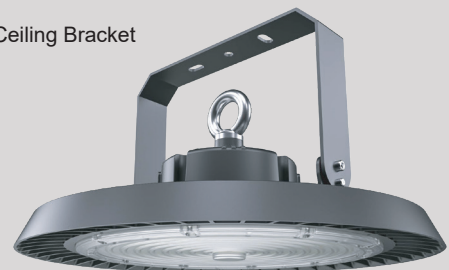

150WS 96 | 200WS 72

Mounting Options

Eye Bolt (Standard)

Ceiling Bracket
