Wall Grazer Interior

Wall Grazer Exterior

Wall Grazer LV

Simple & Elegant

The Wall Grazer Linear is a simple, yet elegant solution for wall washing and grazing applications where crisp, single colour light is desired along a wall or ceiling.

Long Throw

Long uniform throws with intensity to illuminate billboards with extended arm mounting from top and/or bottom to advertise all night long.

Smooth Lighting

The use of elliptical optics ensure smooth lighting across the entire surface with optimal overlap between LEDs.

Even Illumination

Even illumination or highlighting textures and details are all accomplished with multiple beam angle optics and proper aiming.

Customizable

Pick between high quality aluminum extrusion in black or white. One, two, three and four foot lengths are standard sizing. Single colour options are also available.
