Protective And Hygiene Measures:

The usual precautions for handling chemicals should be considered.
Always close containers tightly after the removal of product. Do not eat, drink, smoke or sneeze at the workplace. Wash hands before breaks and after work. Change contaminated clothing. Wash contaminated clothing prior to re-use. Use protective skin cream before handling the product.

Eye & Face Protection:

N/A

Hand Protection:

Wear suitable gloves. DIN EN 374
Pull-over gloves of rubber.
Suitable material:
Butyl rubber. (0.5 mm)
(penetration time (maximum wearing period): ≥ 8 h):
Before using check leak tightness / impermeability. In the case of wanting to use the gloves again, clean them before taking off and air them well.
The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

Skin Protection:

Protective clothing as deemed fit for purpose/ task.

Respiratory Protection:

Usually no personal respirative protection necessary.
Respiratory protection necessary at:
insufficient ventilation.
Generation/formation of aerosols
