About the creators

Alison Lester and Jane Godwin, celebrated Australian children's and YA authors, visited Rawa Community School as part of an AISWA (Association of Independent Schools WA) initiated project in 2017. Located on the edge of the Great Sandy Desert at Punmu in the Pilbara Region of WA, Rawa is one of the most remote AISWA schools.

Jane Godwin worked with the students to create stories, real and imagined, around life in their community, and Alison Lester showed students how to produce a colourful array of illustrations using different mediums and colour palettes. Collectively they produced captivating stories that reflect the culture of the Punmu community and their shared love of storytelling.

Available October 2018 in all good bookshops and online from Magabala Books RRP \$17.99.
