

# The Power of Nanotechnology

## The Best Natural Pet Line

**Applications:** Any pet, animal, washable surface or material; and even safe for humans, especially for those who are hypoallergenic or immune system compromised.

**Advantages:** Non-toxic; Safe for all animals and humans; 100% Biodegradable; Hypo-allergenic; Safe to use in enclosed environments; Out-performs toxic alternatives; Mechanically removes bacteria, viruses and pathogens.

**Description:** EcoSpaw is a powerful but gentle concentrate formula. It is composed of non-ionic surfactants and a powerful aqueous organic solvent made from fatty acids and botanic enzymes and minerals. EcoSpaw is a nanoparticle/colloidal micelle solution that create a unique hydrocarbon release agent that lifts oils, dirt, grease, grime, dust, and stains and to be rinsed away without damaging or reacting with skins, furs, and surfaces being cleaned. EcoSpaw is appropriate for all types of skins, furs, plastics, fabrics concrete, faux finishes, foods, and personal hygiene. EcoSpaw complies with:

OSHA 29-CFR Ch. XVII 1910.1200 and 40 – CFR Ch. 1, Subparts C&D

USDA A1 General Cleaning & L1 Drain/Sewer Acceptable

USEPA 821/R-02-012 for aquatic toxicity

USEPA 601 & 602 for VOC testing

Spray or pour onto your furry friend to be cleaned. Agitate, allow dwell time, and scrub with hands, cloth, sponge, or brush. Unless Waterless Shampoo, rinse thoroughly with water to remove dirt and residual.

### Basic Properties:

Chemistry Classification: Colloid

Appearance: Clear, viscous, amber liquid

Odor: Mild Soap

Water Solubility: 100%

Boiling Point: 100C (212F)

Flash Point: None

Specific Gravity: 1.1119

Relative Density: >H<sub>2</sub>O

pH Range: 9.85 to 10.35

**EcoSpaw products are:** 100% Biodegradable; Non-toxic; Derived from bio-based, renewable resources; Hypoallergenic; Non-carcinogenic; Non-fuming; Non-polluting; Non-reactive; Safe to use, store, and dispose.

**EcoSpaw products DO NOT contain:** Acids; Ammonia; Animal Products; Chlorine; Glycol Ethers; Harmful Detergents; Ozone Depleting Substances; Petroleum Distillates; Phosphates; Synthetic Chemicals; Volatile Organic Compounds (VOCs).

### Packaging:

3oz / 89mL Spray Bottle

8oz / 210mL Foam Pump Bottle

16oz / 473mL Refiller Bottle

24oz 710mL Spray Bottle

32oz / 946mL Spray Bottle

Custom Packaging Available Upon Request

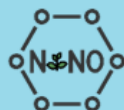

### Availability:

Ready and Immediate Shipping

### Cautious:

No known cautions or precautions. MSDS upon request.

Note: The information contained herein is true and correct to the best of our knowledge and belief based on years of empirical evidence and controlled laboratory testing. EcoSpaw users should perform their own tests for specific applications.
