No Flap™ Ear Wrap

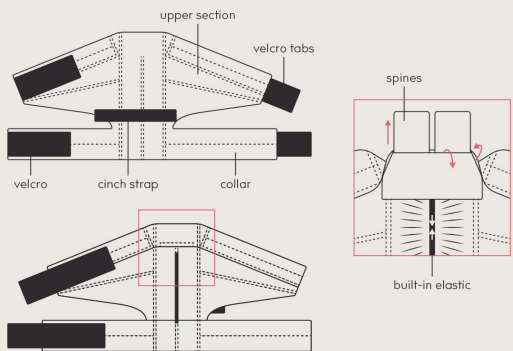

Feline

- Aids in recovery from aural Hematomas, cuts and tears to ears, chronic itching and scratching
- Provides both post-surgical and general ear protection
- Extremely breathable green pinpoint mesh material allows air flow and heat to escape
- Both machine and hand washable

Our Feline No Flap Ear Wrap™ is healing ears, one cat at a time. Utilized for a variety of conditions including: protecting ears with injuries or bandages, retaining medication in the ear, protection from scratching, and guards against environmental hazards. Two secure straps and adjustable plastic spine allow for a customized fit to feline patients' needs.
