

USER GUIDE

www.airunleashed.com

Thank you for choosing us!

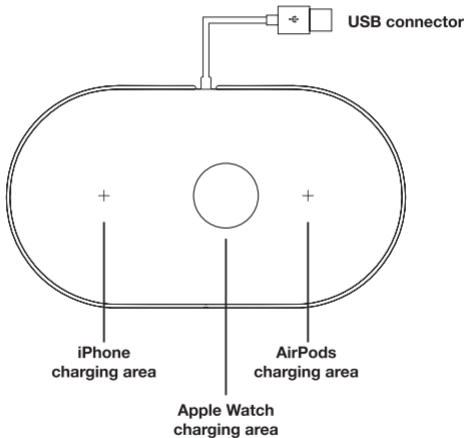

The AirUnleashed is a Qi compatible, ultra-thin wireless charging mat, utilizing the design of three transmission coils, bringing higher efficiency and a more stable performance.

Charging becomes as simple as placing your iPhone, Apple Watch or AirPods on the mat.
Lay it down and charge it up.

Parts Identification

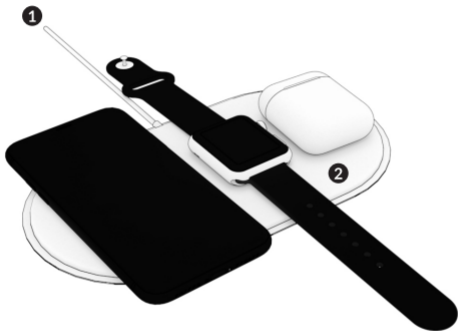

Setup and Charging

1 Connect the AirUnleashed to a QC 2.0 or higher charger with an output current of minimal 2A at 5V (10W) (the AirUnleashed will enter standby mode)

2 Place your Apple device(s) onto the charging mat. Your Apple Watch should be placed on the dedicated Apple Watch area.

(the AirUnleashed will enter charging mode - upon removal of the charged devices the AirUnleashed will restore to standby mode.)

While the iPhone can be charged on both left and right sides of the mat, the right coil is specifically designed for the AirPods, is therefore smaller and has a lower charging output than the left.)

Specifications

Input: DC 5V/2A; 9V/2A

Output: DC 5.0V/2A; 9V/1.7A (15.3W max)

Conversion Rate: 75%

Notes

- 1 The AirUnleashed requires a QC 2.0 or higher charger with an output current of minimal 2A at 5V (10W). The default iPhone Adapter has a maximum output of 5W and is therefore not compatible with the AirUnleashed. Use the iPad Adapter or an other third-party charger that has a 2A charging port.
- 2 Do not put bank cards, security tokens, or any plastic card that you wave in front of an access pad or swipe at a terminal close to the AirUnleashed. These cards have a magnetic stripe that can become demagnetized when exposed to a powerful magnetic force.

Safety Instructions

- Do not attempt to power the AirUnleashed by any means other than mentioned in this guide.
- Do not disassemble, dismantle or modify the AirUnleashed in any way.
- Do not expose the AirUnleashed to moisture or immerse it in liquid.
- Do not keep the AirUnleashed in an environment of excessively high temperatures, including intense sunshine. Only use the product within the following temperatures: 0 - 40 °C.
- Do not place the AirUnleashed on flammable materials, such as bedding or carpets during charging.
- Do not touch the AirUnleashed with wet hands.
- In the unlikely event that any liquid from the inside of this product gets into your eyes, do not rub your eyes. Wash your eyes immediately with clean water and consult a physician.

- The AirUnleashed has a comprehensively tested overheat protection mode. If you encounter any unusual heat, discoloration or product distortion during charging or storage, please stop using it immediately and contact the dealer. These issues may cause leakage, heat, smoke or ignition of the AirUnleashed.
- The AirUnleashed is not intended for use by anyone (including children) with reduced physical, sensory or mental capabilities (or lack of experience and knowledge) unless they have been given supervision or instructions concerning the use of the AirUnleashed by a person responsible for their safety.

FAQ and Solutions

- 1 Why is my device not charging?**
 - Make sure your device is Qi compatible
 - Make sure you position the device correctly on the mat. You might need to move your device around to align the charging coils
- 2 Why is my device charging slow?**
 - Make sure you use a QC 2.0 or higher charger with an output current of minimal 2A at 5V (10W). The default iPhone Adapter has a maximum output of 5W and is therefore not compatible with the AirUnleashed. Use the iPad Adapter or an other third-party charger that has a 2A charging port.

- 3 My device gets hot while charging, is this normal?**
- It's normal for your device to get slightly warm, similar to charging your phone wired.
 - Make sure the AirUnleashed is placed in an area that allows heat dissipation
- 4 Is the AirUnleashed compatible with my non-Apple devices?**
- The AirUnleashed is designed for and tested on Apple devices. However, any Qi compatible device should be able to be charged by the AirUnleashed.

Warranty

Limited 1-Year Warranty.

AirUnleashed warrants to the original consumer that this product is free from any electrical or mechanical defects for a period of one year from the date of purchase. If any such defect is discovered within the warranty period, AirUnleashed will repair or replace the unit free of charge upon receipt of the unit, send it prepaid and insured to us. The warranty covers normal consumer use and does not cover damage that occurs in shipment or failure that results from alterations, accident, misuse, abuse, neglect, wear and tear, in adequate maintenance, commercial use or unreasonable use of the unit. Removal of any parts/components voids all warranties. This warranty does not cover the cost of repairs made or attempted outside by third-party individuals or companies. Any applicable implied warranties, including warranties of merchantability and fitness, are hereby excluded. Some states do not allow limitations on the duration of implied warranties and do not allow exclusions of the incidental or consequential damages, so the above limitations and exclusions in these instances may not apply.

Repair/Replace Product

If your product begins to malfunction or stop working, immediately email us at hello@airunleashed.com. If it is determined that a return is necessary, our warranty department will issue you an RMA number/form and the address to the nearest return center for shipping the product too. **IMPORTANT NOTICE:** We will reject all returns that are not accompanied by an issued RMA number, so make sure to contact us before attempting to return your product!

Preparation for shipping your product.

Please repack your product in a durable box, preferably in the original carton. Include the RMA form that was issued by us along with your daytime telephone number and email address inside the shipping carton. If your warranty has expired and you want an estimated fee for service, you may do so by simply emailing us and specifying the model and the problem.
