Tips for your Video

- 1 Keep it under 1 minute
- 2 Find a quiet place without a lot of background noise (it can be inside or outside)
- 3 Find a non-distracting background. Solid color indoor, kitchen, greenspace, brick wall, etc.
- What doesn't look good on video is too much clutter behind the shot (Example shooting in living room with furniture, tv, tables, etc in the background)
- 4 Include your favorite Elderberry Queen product
- if putting a product in your video, please reverse the camera or have someone video you so that the logo doesn't show up backward

Take one video or a few. Below are some ideas.

- You talking about the product and why you like it
- A video of your child enjoying the Elderberry Syrup
- Take a video of your kids playing, doing school work, enjoying time with you

** we will put the clips together,
no editing needed
on your part**
