# Lil™ envelope

**36% weight reduction.** A HUGE reduction in weight vs previous generation solid board envelope.

**Suitable for shipping lithium-ion batteries.** Corrugated is a must for conforming to EU postal regulations.

**Stronger material.** Far Superior protection from damages due to corrugated strength.

**Still 100% UK made** from recycled and recyclable corrugated paper that is certified sustainable by the FSC®.

**Plastic free tear-strip.** Our new & improved herringbone perforations ensure easy opening.

**Versatility.** The ability to form box-like capacity for irregular items usually only fit for a jiffy bag or box.
