

One Hundred Ice Creams
by Sumayyah Hussein

How many ice creams
would you give this book?

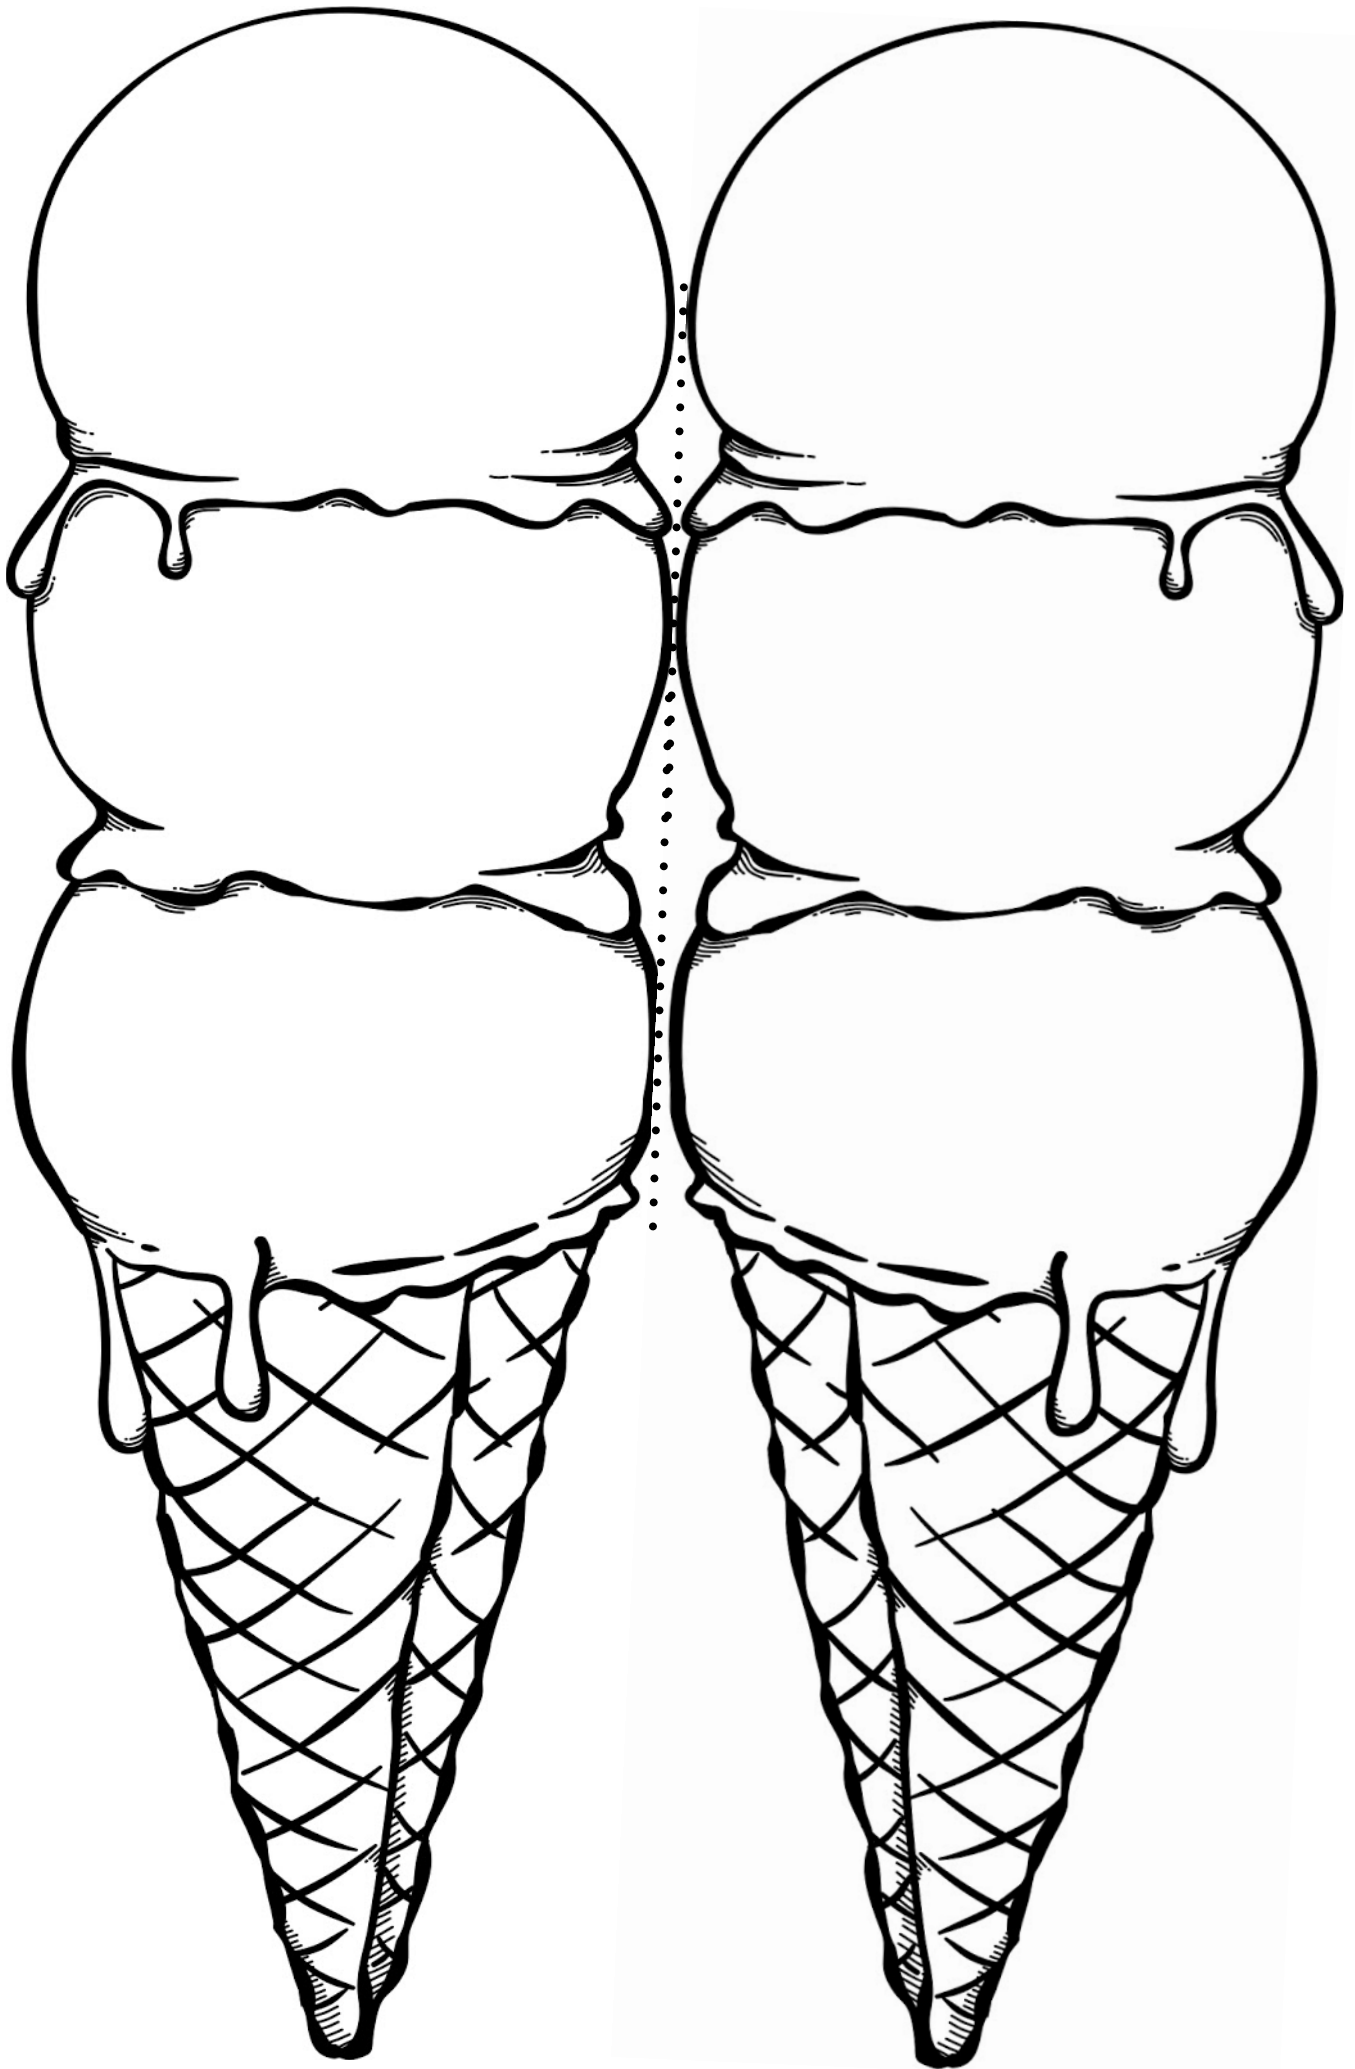

What are two things you liked about the story ?

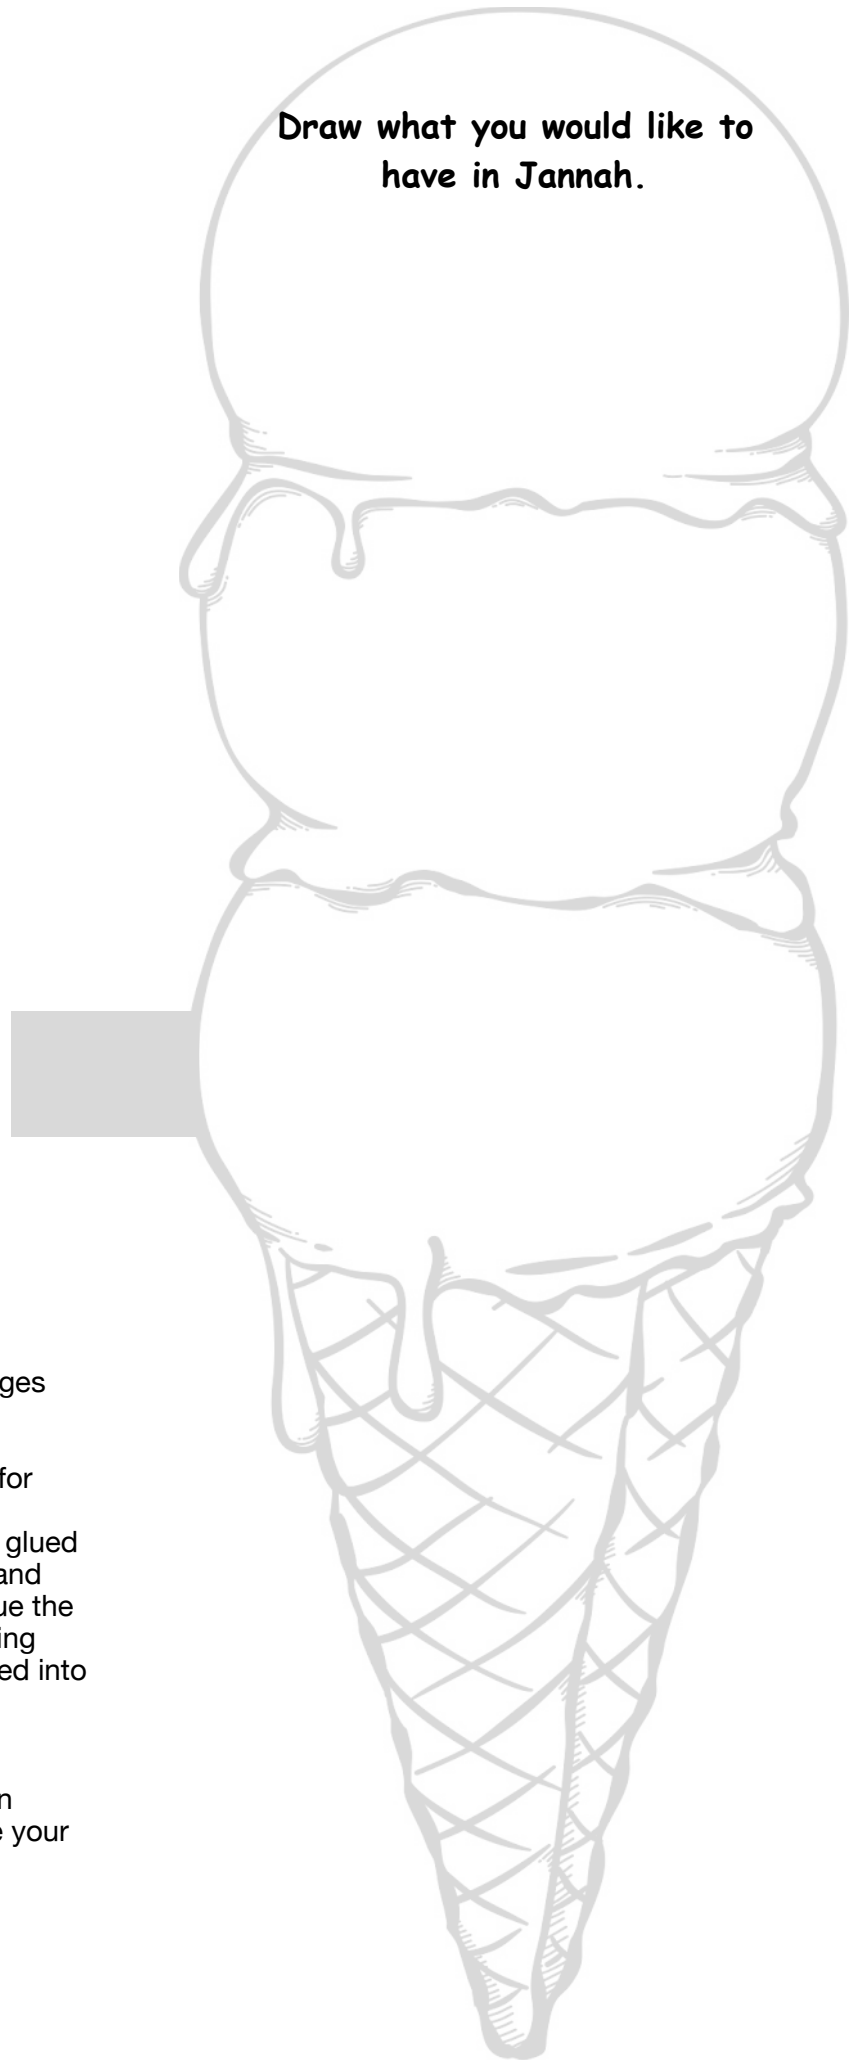

What was the names of the main characters ?

What was the setting in the story ?

In the story, the children imagined everything they wanted in Jannah, can you remember two things they wanted in Jannah ?

Draw what you would like to have in Jannah.

This is a free file.

Please note; the dotted line is for folding not for cutting.
The singular ice cream will be glued between the outer ice cream and inner ice cream questions. Glue the grey flap between the two giving enough space for it to be folded into the two ice creams.
