

CLEAR YOUR SPACE

WITH TEXA

75" 4K SCREEN

BLUETOOTH LASERS

REINFORCED STRUCTURE

FRONT RADAR PLATE

OVERSIZED WHEELS

CONTINUOUS SOFTWARE UPDATES PROVIDE YOU WITH THE NEWEST OEM TARGETS IMMEDIATELY.

4K 75" SCREEN

The RCCS3 ADAS unit offers an optimal display, meeting the 1:1 proportion ratio in line with the manufacturer's specifications.

BUILT TO LAST

RCCS3 includes a robust frame, which can be adjusted thanks to its electrical operation. Using practical knobs, it can be easily tilted to the side and forward.

MINI ONBOARD PC

A mini PC was built into the unit, synchronizing the IDC5 software and RCCS3. Images of the panels are transmitted and positioned automatically.

IDC5 FOR ADAS

For each vehicle, IDC5 provides detailed instructions for the correct positioning of RCCS3. Guiding you step-by-step throughout the calibration process.

COMPLETE CAR DIAGNOSTIC COVERAGE

UNRIVALED CAR SOFTWARE AND HARDWARE OFFERED ONLY BY TEXA

TEXA CAR diagnostics includes exciting products like the TXT MULTIHUB, equipped with a reinforced body that includes CAN FD and J2534 capabilities, built-in DoIP, OLED display, built-in WiFi hotspot and more. The NANO S is a surprisingly light, convenient, fully bi-directional vehicle communication interface that is explicitly built to diagnose cars and supercars. Also offered is the award-winning AXONE NEMO 2, our very own tablet built to military standards, with a lightning-fast interface to be used with IDC5 software. THE perfect combination.
