COLOURING BOOK

spring 2023

WELCOME to our spring 2023 colouring book! We created this colouring book to provide some fun for you and your little one: an activity to bond over. As you and your little ones colour, see how many eggs you can find! We hope it brings your family joy, inspires kindness and creates memories of colouring together that you'll cherish forever.

We're a family of five on a mission to feed children in need. Every lovingly hand-knit doll in our collection provides meals to children facing hunger; 1 doll = 10 meals. We support over 1,000 artisans with fair trade income and together, we've provided over 25 million meals.

Feel free to share our colouring book with friends and loved ones.

Hugs,

cuddle + kind

The greatest treasure we can give our children is the time we spend with them.
