

Brewer's Foods

Made With Up-Cycled Grains

PITA CHIPS

Sea Salt

A healthy amount of whole grains and the perfect amount of sea salt. They pair perfectly with Dips, Cheese, Soup, salad or just to snack on.

Rosemary

A perfect balance of herbaceous flavor and natural salt. The familiar rosemary pairs excellent with the nutty notes of the roasted barley and wheat.

FLATBREAD CRACKERS

Sea Salt

Our Sea Salt Flatbread is our way of saying "crunch on". Goes great with all cheeses - this is the original crowd pleaser.

Everything

A balance of familiar tastes and worldly flavors. From the familiar Sesame, Poppy and Garlic to the untraditional Rosemary, Thyme, and Sage, it is all in there!

ABOUT BREWER'S FOODS

We make our products using Up-Cycled brewery grains, a valuable byproduct from the beer making process. When making beer, brewers steep super high-quality grains, like barley, in water. They then strain this mixture, keeping the liquid to make beer and discard the "spent" grains. Turns out, these grains are still incredibly flavorful and nutritious. We recycle these saved grains into our crackers and chips to reduce food waste.
