

# SMOOTH PROTEIN™

## Expect More From Vegan

Functional across  
applications

Premium mouthfeel

Next-level taste and  
clean finish

# SMOOTH PROTEIN™

Smooth Protein™ is the premium plant-based protein portfolio that brings vegan to the next level. The five different sources of Smooth Protein™ were created using advanced technology from the leading scientists in the sports nutrition industry.

- Game-changing tool in vegan protein formulation kit
  - New technology and raw material sources
  - Augments pea protein

## Mung Bean

85% Protein  
Improves Mouthfeel

## Sunflower Seed

55% Protein  
Nutty Flavor

## Watermelon Seed

75% Protein

## Organic Pumpkin Seed

70% Protein  
Smooth Finish

## Organic Mung Bean

85% Protein  
Improves Mouthfeel

## ChiaCream™

25% Protein  
Single Ingredient creamer  
*\*Coming Soon*

## How Smooth Protein™ is Made

- pH control throughout the manufacturing process to avoid denaturation
- Enzymatic Hydrolysis used to reach the desired molecular weight of the proteins
- Partial size control for improved mouthfeel

## Formulation Concepts

Smooth Protein™ moves the needle on sensory and allows for customization for premium offering of vegan protein
