# RETAIL PRODUCT TRAINING

WITH

Julie Anne Lee DCH, RCSHom

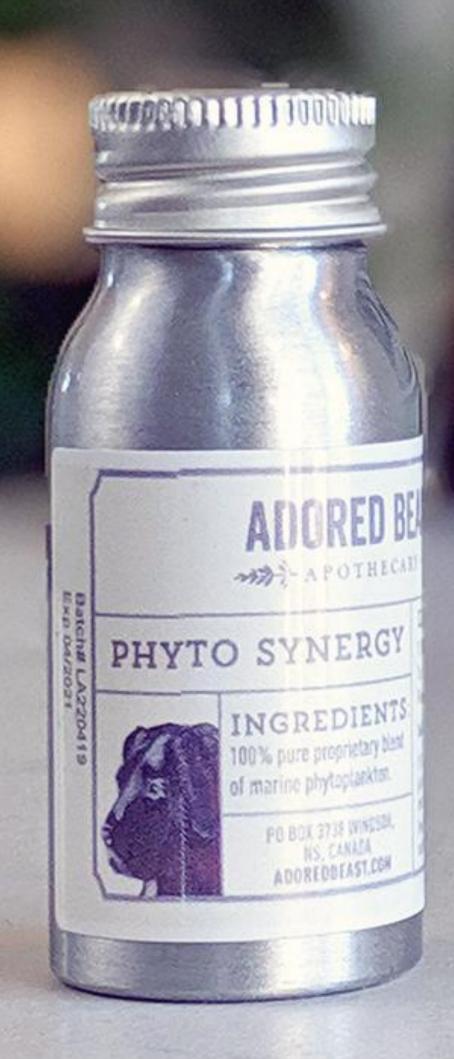

"Phyto Synergy is one of the most exciting products that I've used in the last 20 years. It's one of the world's most complete whole foods that you can give to support your animals, or yourself.

It's a single-celled organism that is a complete entity in its own right and the main food source of the ocean.

Because it's a complete entity with a perfect balance of vitamins, minerals and amino acids, the ocean animals could not survive without it.

Amino acids are especially important for animals that have been spayed or neutered because they feed the glandular system, brain and muscles.

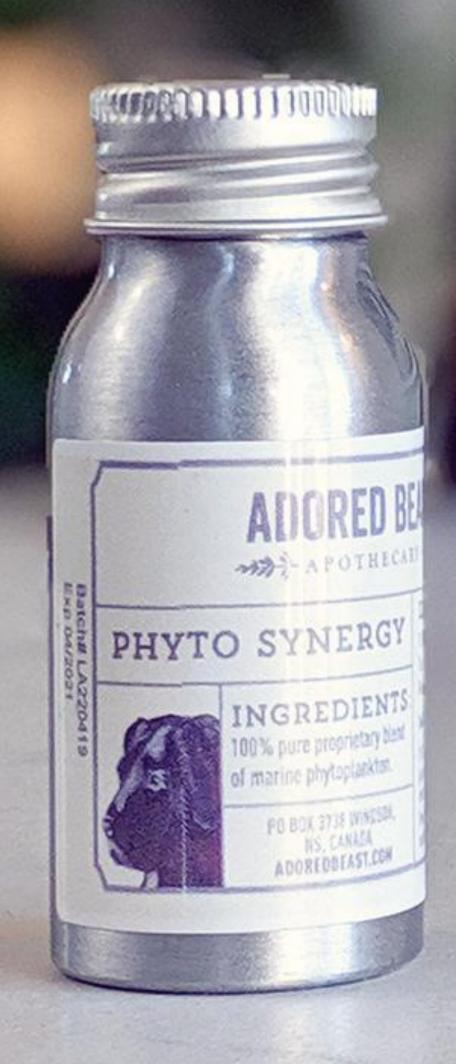

One tiny spoon of Phyto Synergy contains 250 billion single-celled organisms, and it's amazing because it's absorbed by the body through the mucus-membrane." - Julie Anne Lee, DCH, RCSHom

#### FACT:

Phyto Synergy is one of the only things on the planet that is absorbed by the body before it gets to the gut.

That makes Phyto Synergy hugely bioavailable to the body.

#### PRIMARY CONCERNS

Allergies, inflammation, chronic infections, immune system issues, digestive disturbances, yeast infections, urinary health, hyperactivity, anxiety, hair loss, detoxification, cancer, autoimmune disease, disease in general, after treatment support

#### PRIMARY CONCERNS

Allergies, inflammation, chronic infections, immune system issues, digestive disturbances, yeast infections, urinary health, hyperactivity, anxiety, hair loss, detoxification, cancer, autoimmune disease, disease in general, after treatment support

#### THE SUPPORTIVE SOLUTION

Helps to support health, cellular growth and programmed cell death throughout the entire body and provide foundational nutrition and support microbiota health

#### PRIMARY CONCERNS

Allergies, inflammation, chronic infections, immune system issues, digestive disturbances, yeast infections, urinary health, hyperactivity, anxiety, hair loss, detoxification, cancer, autoimmune disease, disease in general, after treatment support

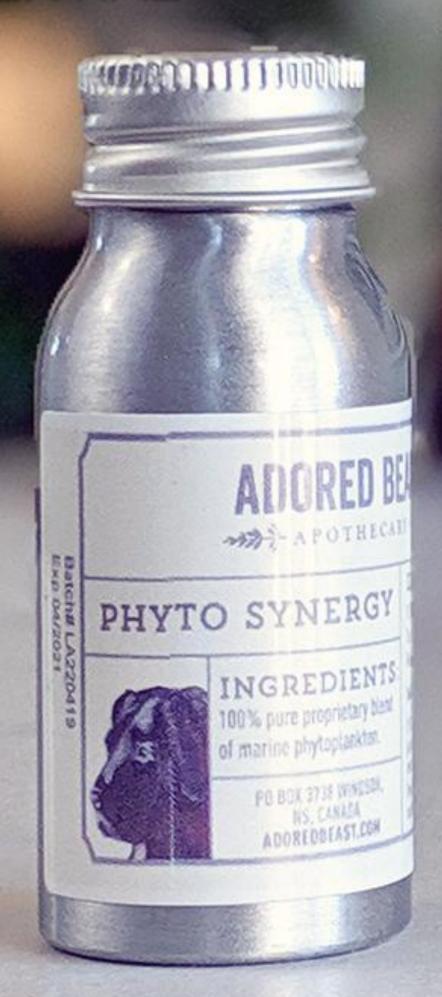

#### THE SUPPORTIVE SOLUTION

Helps to support health, cellular growth and programmed cell death throughout the entire body and provide foundational nutrition and support microbiota health

#### ALSO GREAT FOR

Boosting immunity, a smoothie addition, cats, dogs, birds, horses... and all living bodies

#### DAILY ESSENTIAL

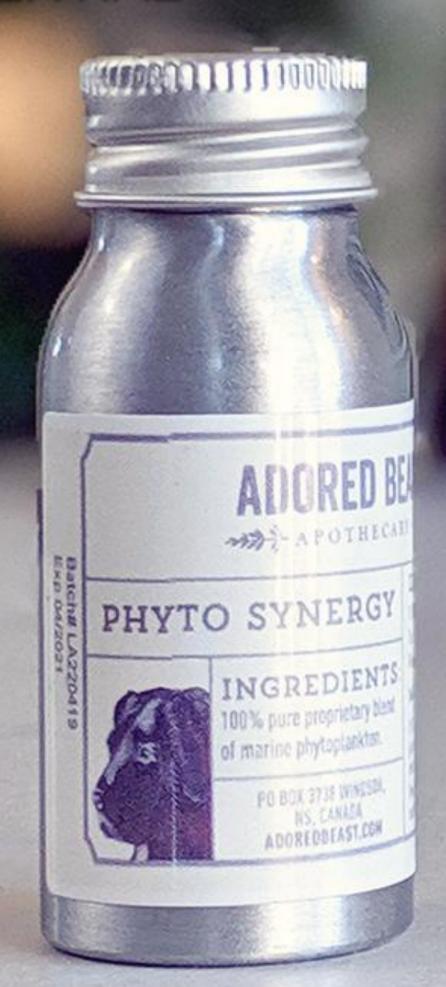

## Phyto Synergy is a Daily Essential!

100% pure marine phytoplankton is complete cellular structure that provides nutrition that is absorbed and resonates with the body's synergistic process.

When you incorporate it as part of your animal's daily food, you are supporting their entire body, overall health, and longevity.

#### DAILY ESSENTIAL

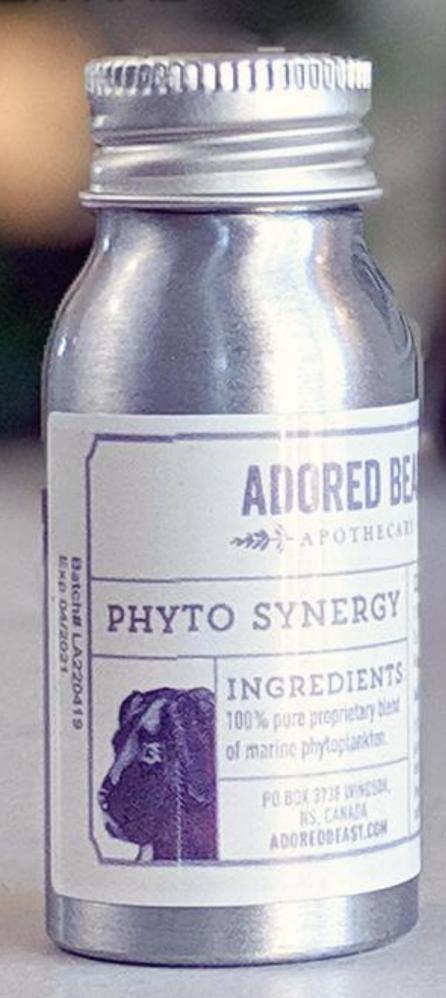

#### Did You Know...

Phytoplankton is a whole food, not a supplement!

This incredible single-celled organism offers trace minerals, chlorophyll, essential amino acids, EPA, fatty acids, protein, carotenoids, antioxidants, amino acids and other nutrients.

#### DAILY ESSENTIAL

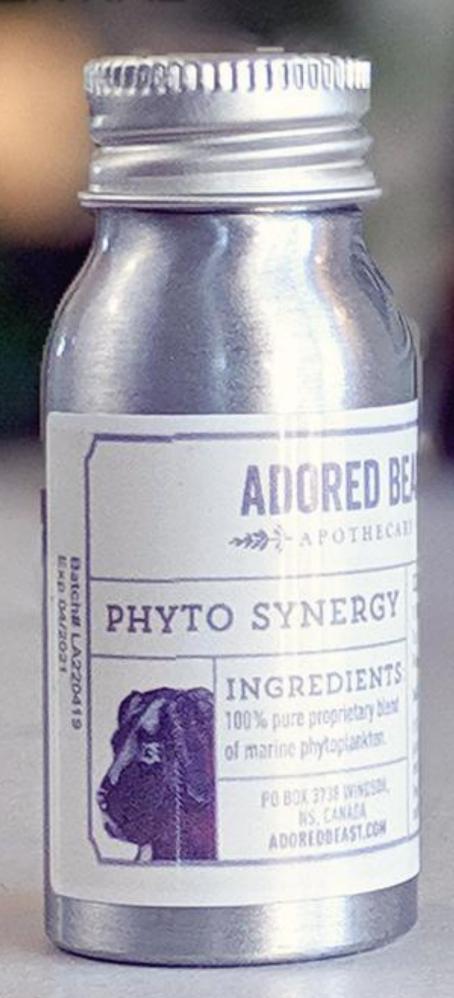

#### **Challenges**

#### Ocean Depletion

Our Phyto Synergy blend is grown on land in state-of-the-art facilities so as to not deplete our oceans of life-sustaining foods.

#### DAILY ESSENTIAL

#### **Challenges**

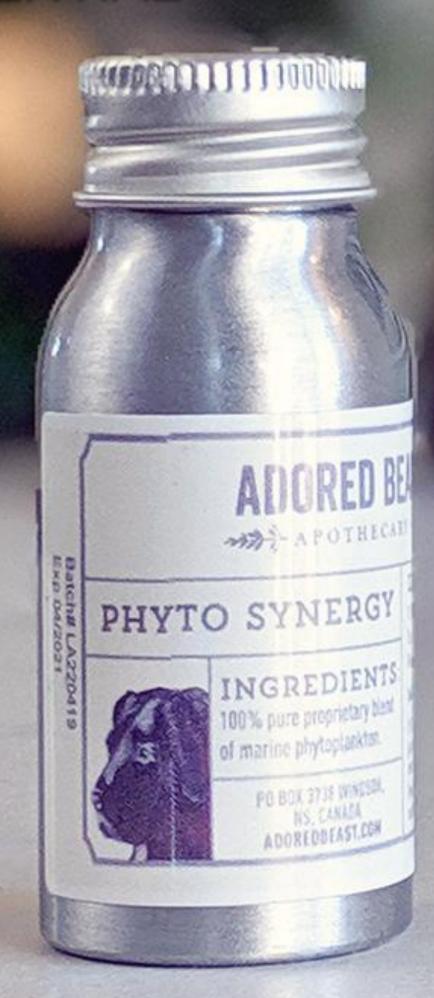

#### **Ocean Depletion**

Our Phyto Synergy blend is grown on land in state-of-the-art facilities so as to not deplete our oceans of life-sustaining foods.

#### **Oxidative Stress**

Many of our animal companions are at high risk for cellular damage from oxidative stress due to totally processed diets, flea and tick treatments, daily toxins and more.

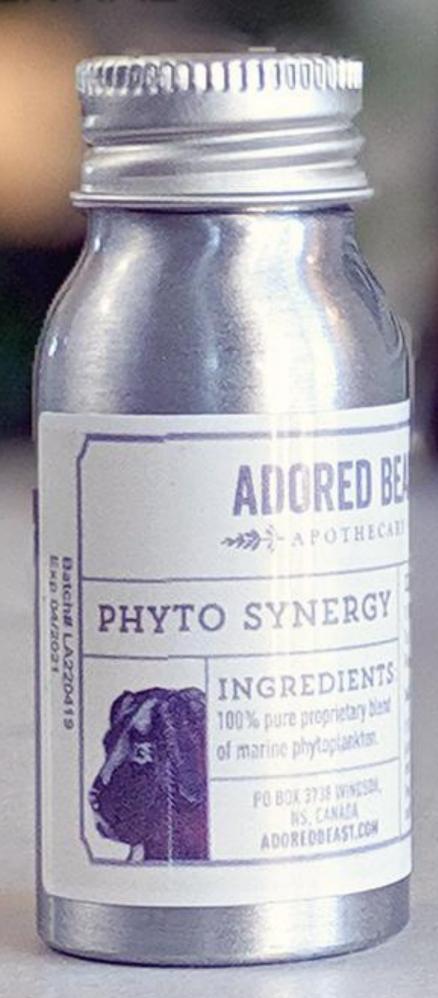

#### DAILY ESSENTIAL

#### More

Our Phyto Synergy blend contains extraordinary amounts of Super Oxide Dismutase molecule, known as the "king of the antioxidants" and the "molecule of life."

#### DAILY ESSENTIAL

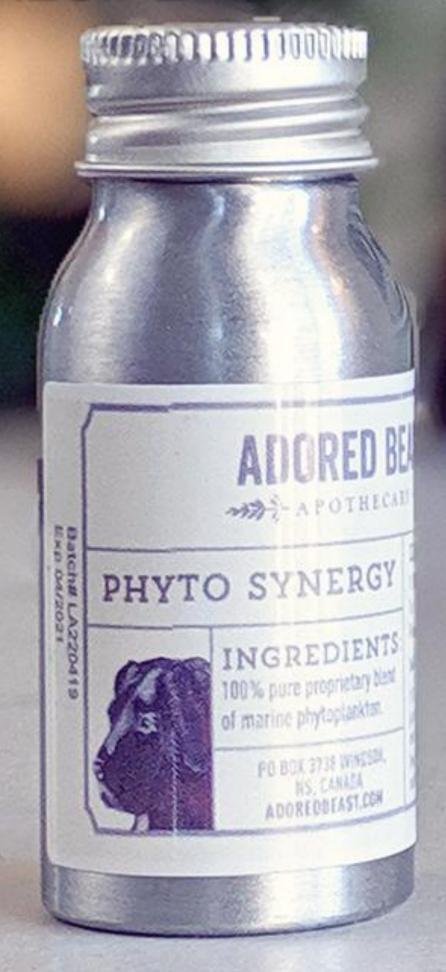

#### **More**

"Phyto Synergy contains every known mineral, everything that's needed to support life is present in marine phytoplankton. It contains the essential fatty acids, it contains one of the largest amino acid profiles I have ever seen!"

- Julie Anne Lee, DCH, RCSHom

#### IMMUNITY RECIPE

#### **BONUS:**

Julie's Immunity Smoothie Shot with Phyto Synergy

1 Scoop - Phyto Synergy (the same scoop you use for your animal)

2 TSP - Gut Soothe

2 Droppers - Liver Tonic

PRO TIP: Mix with organic orange juice, or any organic juice high in vitamin C, stir with a fork, and enjoy!

#### INGREDIENTS

### 100% Pure Proprietary Blend Marine Phytoplankton

Grown sustainably on land with triple filtered Atlantic Ocean water so radiation and heavy metals like mercury are never a concern. We start with a seed that multiplies into countless others. It's environmentally ethical and fully sustainable.

# Good for Dogs, Cats, Horses, Birds and all living bodies

Good for Dogs, Cats, Horses, Birds and all living bodies

Can be given during or after meal time once per day

Good for Dogs, Cats, Horses, Birds and all living bodies

Can be given during or after meal time once per day

Good for Dogs, Cats, Horses, Birds and all living bodies

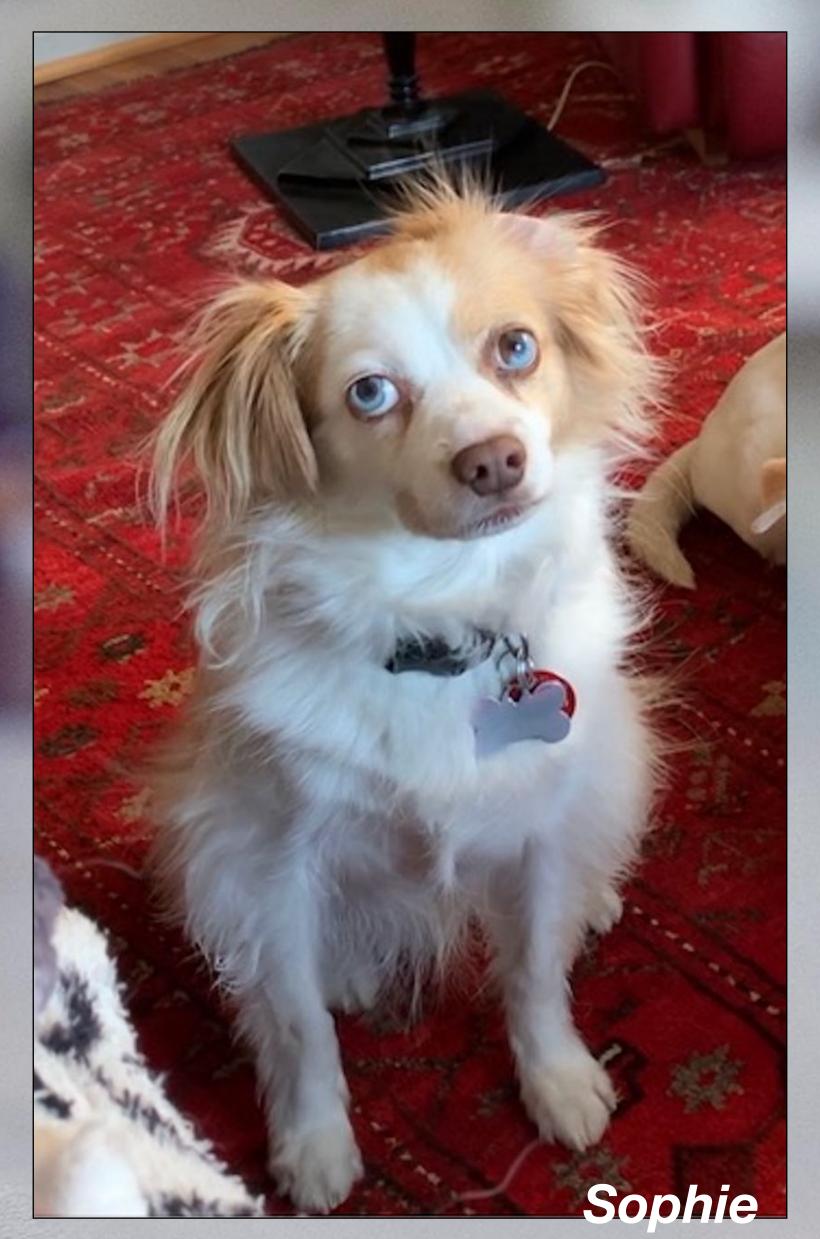

Can be given during or after meal time once per day

For support for sick or recovering animals, Phyto Synergy can be given multiple times per day

Give 1/16 tsp (half of the spoon provided) once per day regardless of the size of your animal. For very sick animals use the full spoon provided

#### SUCCESS STORIES

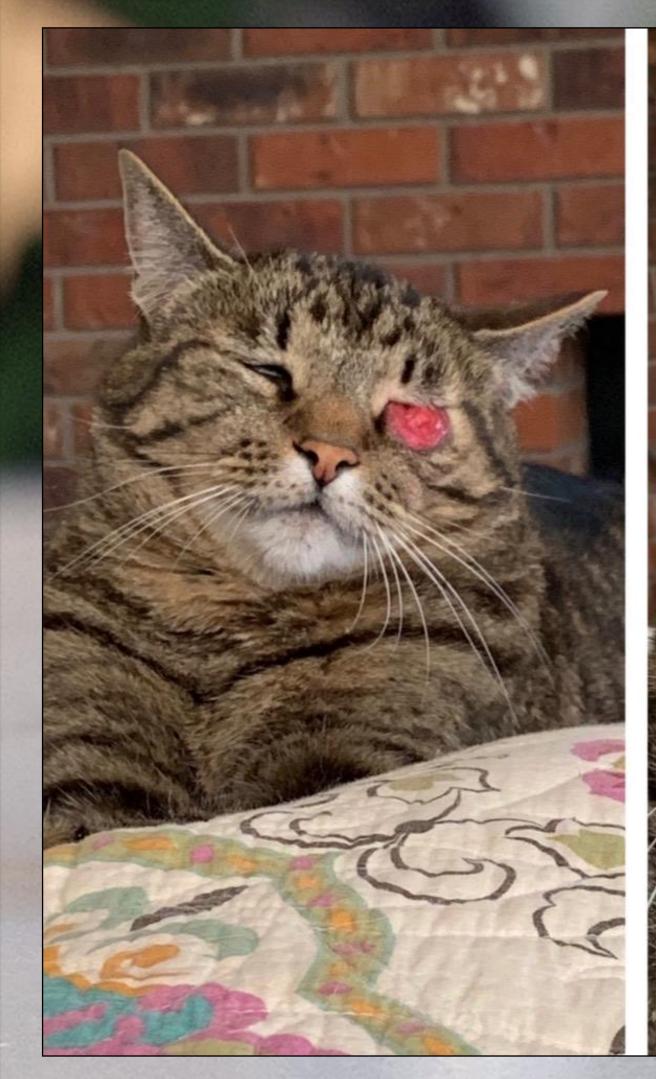

Becky Kelber
"I have been using your
products for over a year now
and you have helped me get
my dog off Pepcid for the first
time in 6 years.

We started with Phyto Synergy for 7 months and then I added healthy gut which she has been on for 3 months. I weaned her off Pepcid slowly and she has been doing AMAZINGLY well."

#### SUCCESS STORIES

Nita O'Leary

Binx's Story... "The first photo of Binx was the end of June, after being diagnosed with an extremely aggressive tumor. He has what the Vet called a Round Cell Tumor of the eyelid. The Vet suggested removing his eye, and possibly part of his cheekbone as well... After a lot of thought we decided against that... and that we'd make some diet changes and allow Binx to live his best life.

Anyone that knows Binx knows what I'm talking about. The second photo, was taken yesterday. The cancer, I'm sure, is still there. But with the changes we made, I truly believe we slowed things way down... Thank you to Adored Beast Apothecary for creating one of the most amazing supplements, "Phyto Synergy" You've given us more time with our Binx, we will be forever grateful.

#### SUCCESS STORIES

Julie -

"Great Product. I bought this about a year ago for my two cats essentially after one had a stroke and really trying to fortify her system. She bounced back completely after a few weeks and both have been doing really well on this product. One cat is at least 16 years old and a rescue I have had since 2005. They do not like fish oil capsules but don't mind this at all - you use such a small amount & it mixes well with their wet food. I will continue to buy this!"

Lisa Allison -

"No dog should be without Phyto Synergy! Have been using this product for only over a month and the results are obvious. My small Golden Doodle has more stamina on long walks, can tolerate the Florida heat better and has overall more energy. The onset of arthritis seems to be disappearing and best of all I took him off Apoquel, a prescription for allergies. At \$100 a month for these pills, Phyto Synergy is less painful financially but best of all it is a safe and excellent product."
