AUTOMATIC SCRUBBERS - WALK-BEHIND

# CT15 LITHIUM-ION

The CT15 with lithium-ion battery offers a compact scrubber with a longer battery run-time. The lithium-ion battery will deliver up to 4 times more cycle life than a AGM batteries. With it's compact in size, 14" cleaning path with 4 gallon tank, the CT15 effectively and efficiently cleans in areas as where a traditional scrubber is too large.

## MOST FREQUENT USE

## MAX PRODUCTIVITY

13,500 ft<sup>2</sup>/h

## BATTERIES RUNNING TIME

1.5<sup>h</sup>

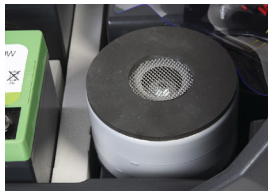

## KEY SPECS

4/5 gal

14" brush drive

FOLDABLE HANDLE

THREE STAGE MOTOR

PRESET WORKING PROGRAMS

**Li-ion** LI-ION BATTERY

BATTERIES AND ONBOARD CHARGER INCLUDED

## INNOVATIONS

ECO SELECT

SLS™ SELF LEVELING SYSTEM

LI-ION LITHIUM BATTERY

# LITHIUM-ION BATTERIES

## POWERING THE FUTURE IN THE CLEANING WORLD

### MAXIMIZED RUNTIME

Longer run time than traditional batteries.

### GREATER EFFICIENCY

Charge when needed, as opportunity charging does not damage or reduce the life of lithium-ion batteries.

### ZERO- MAINTENANCE

No need for battery watering and other battery maintenance.

### LONGER LIFE

Average life cycle is up to four-times greater than standard batteries.

### HIGHER PERFORMANCE

High performance in all operational phases — increasing runtime and efficiencies.

### SIMPLIFIED OPERATION

No need to learn complicated charging processes and no fuel tank swapping or storage.

## CT15 Lithium-Ion Battery Advantages

- Run time of up to 90 minutes, compared to 70 minutes with AGM batteries
- More than 1500 charging cycles and a greater depth of discharge, providing the maximum efforts even in the final discharge phase
- Very high performances in all operational phases, measuring out the power according to dirt conditions

## SELF-LEVELING SYSTEM

The SLS helps the machine automatically adjust to any surface, allowing for a perfect fit between the brush and a floor.

## ADJUSTABLE HANDLE

The CT15 handle can be adjusted to accommodate any operator's height as well as fold all the way down to be able to allow for easy storage

## ECO-SELECT

The machine features Eco Select, where 20% less energy is used while the machine can run 20% longer.

## SPIN-ON, SPIN-OFF BRUSH

The CT15 is equipped with a spin-on, spin-off brush that easily can connect and disconnect the brush, with No tools needed.

## YELLOW TOUCH POINTS

The yellow touch points help find key areas that assist with daily maintenance.

## LITHIUM-ION BATTERY

Fast charging battery, with no maintenance required and up to 90 minutes of run time vs. 70 minutes with AGM battery
