

The right squeegee will pick-up all the water, on all your floors, all the time.

LINATEX®

PRIMOthane®

Gum

- 95% pure natural rubber
- Best tear resistance and durability with optimal water pick-up
- Stamped with the LINATEX® logo

- 38 durometer urethane
- Specially formulated for water pick-up where rubber doesn't perform
- Stamped with the PRIMOTHANE® logo

A combination of fillers and natural materials that vary by vendor (often dyed red, but available in any color)

Rubber		✓	
Special Circumstances			
Noise: eliminates chatter, squeaking or foghorn		✓	
Oil or grease on floors: causes rubber squeegee to become wavy		✓	
Low water cleaning: experiencing diminished water pick-up or resistance when pushing scrubber		✓	
Premature squeegee wear: the rubber squeegee physically/visually erodes faster than expected		✓
