Mosquito Super Hepa Backpack Warranty

Warrants its product to the original purchaser for seven years against deficiencies in material and workmanship. This does not cover products that are improperly used, abused, altered, or repaired. Deficient products will be replaced or repaired. This warranty does not cover part failure due to normal wear, motor brushes or motors that show

Rotationally-Molded Components Lifetime Warranty

Mosquito Super Vac warrants the rotationally molded components of this product to the original purchaser for the lifetime of the product against deficiencies in

material and workmanship. This does not cover products that are improperly used, abused, altered or repaired. Deficient products will be replaced or repaired.

NOTE: Proper use of debris filters prolongs vacuum life by reducing motor heat during use.

All vacuum repairs and warranties are provided as stated free-on-board (f.o.b) Huntington Beach, California. All goods requiring warranty repair shall be sent freight prepaid to a Mosquito Super Vac, Huntington Beach, California.

Mosquito Super Vac assumes no risk and shall be subject to no liability for damages or loss resulting from the specific use or application made of the products. Mosquito Super Vac liability for any claim, whether based on breach of contract, negligence, infringement of any rights of any party or product liability, relating to the products shall not exceed the price paid by the dealer to Mosquito Super Vac for such products. In no event will Mosquito Super Vac be liable for any special, incidental or consequential damages (including loss of use, life, loss of profit, and claims of third parties) however caused, whether by the negligence of Mosquito Super Vac or otherwise.

Miscellaneous

Carbon Brushes must be changed when needed, not part of the warranty as it's a wear item. Wear is not covered for any parts. Non-use of paper bag voids the motor warranty as particles superheat the motor. Dust inside the vacuum body, motor, motor Hepa filter, the motor cavity is a sign of not using the disposable bag voiding this warranty.

Caution/Danger: All vacuum motors/cleaners are designed for a specific cord length and diameter. Using the incorrect cord or size of the cord will cause resistance in the power supply creating heating of the cord and motor brushes. Heating or melting of the cord may occur. USE ONLY 50ft 16AWG/3C Extension Cords. IF YOU USE 75ft or 100ft cords they must be 14AWG, not increasing the cord diameter with a longer cord will cause damage to the vacuum pigtail and motor brushes. ***Improper cord use will void your warranty.***

Goods returned for repair or credit should be clearly identified with the assigned **RMA Number** from the Return Authorization form clearly displayed on the shipping container. Please call or email for your number prior.
