

# 16-GALLON WET/DRY

**Mosquito's 16-Gallon Wet/Dry sets another standard in its class.** In an Industry with dozens of competitors we found it exciting to find so little innovation over the years. Our design team quickly found obvious improvements to enhance, reliability, and ease of use. Take a look at our highlighted improvements and features below, we're sure you'll be as excited as we were bringing this truly innovative product to market.

**Industry First**

**Accordion Stretch Hose**

Our new accordion stretch hose, eliminates the need to carry an extra hose. Our new hose expands as you need it and instantly retracts when you hold your hand over the end, another industry first.

**Industry First**

**Mosquito's exclusive "Noise Diffusing Exhaust Manifold"**

Suppresses high-frequency sound with its noise-canceling technology. Motor exhaust is directed through exhaust grates which redirects sound waves while gradually releasing exhaust. No back pressure is generated from the device as it scrubs 7dB and 9 sones from the final exhaust. This is an industry first and the continuation of our new generation of extractors from Mosquito.

**Ribbed Polyurethane Squeegee Blades**

27" Squeegee blade  
650-0014: \$14.38 - List \$28.76

Our Ribbed Polyurethane Squeegee Blades are the industry's finest. Flexible and wear resistant for the perfect combination to remove liquids from the cleaning surface.

**Warranty: Lifetime on body, 1-Year on motor and pump**

Ergonomic handle

**Industry First**

**Automatic Vacuum Shut-off**

Motor failure is never pleasant. This is caused by motors ingesting liquids. Our new magnetic motor shut-off never lets liquids get close to your vacuum inlet. Traditional wet/dry's use ball floats that actuate when liquids in the recovery tank float the ball close enough to the vacuum inlet to restrict vacuum. This almost guarantees liquids are ingested into the motor. Our automatic vacuum shut-off keeps your motor from ingesting liquids and extends your motor life.

Automatic shut-off

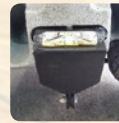

**No Ball Float**

Molded-In splash protection

**Industry First**  
Dry bag storage

**Industry First**  
2-Stage motor  
Most Powerful in its Class

**Skid-Plate Pedal**

**Industry First**  
Indestructible 10" wheels  
US Patent Pending

Powder coated metal squeegee assembly with ribbed Polyurethane blades

**Standard Tool Kit with Onboard Storage**

**Industry First**

Single 50' cord wrap with rotating top holder for quick release

## MOSQUITO 16-GALLON WET/DRY

Part No.	Product
16-1003	16-Gallon Wet / Dry (Complete Kit)
16-1001	16-Gallon Wet / Dry w/ 27 inch Squeegee Assembly with blades
16-1027	27 inch Squeegee Assembly with blades
901-0022	Five Piece Wet/Dry Tool Kit   54" S-Bend Aluminum Wand, 14" Squeegee Tool, 14" Nylon Brush, 11" Crevice Tool & 3" Natural Fiber Dusting Brush
650-0014	27 inch Squeegee Blade . Sold individually
500-0005	2-Stage Tangential Motor
650-0021	Motor Gasket
600-0006	Intake Screen
400-0026	Tank Wall Horizontally Mounted Float Switch
