CHEVY COLORADO AIR INTAKE

The Volant Performance 2017+ Chevrolet Colorado / GMC Canyon V6 air intake features rugged rotomolded construction and is designed to withstand a lifetime of use and abuse. Complete with Volant's new, smoked see-through lid, the intake looks as good as it performs and allows for easy filtration inspection. This application comes available in 3 unique oversized performance filtration options; MaxFlow 5 (Oiled) DryTech (No-Oil Synthetic Dry) or Volant exclusive Donaldson Powercore® Filtration, "The best off-road/severe duty filter in the world".

Replacement Filter:
5160 (Dry)
5119 (Oil)
61517
