

SAFETY DATA SHEET

Date Revised: 2/1/2022

CHEMTEL: 800-255-3924

Emergency Phone: 813-248-0573

Section 1: Identification

Product Description: Ol' No. 9 Cutting Board Oil, 8 oz. – CPDEC001

Manufacturer: Emergency Contact: CHEMTEL

DeckWise®, The Ipe Clip® Fastener Co. LLC. 2111 58th Ave. East, Bradenton, FL 34203

Phone Number: 1-866-427-2547 E-Mail: info@deckwise.com

24 Hour Emergency Contact: (801) 629-0667 PERS (Contract: 9319)

Section 2: Hazard(s) Identification

	MIS	NFPA	GHS Pictograms:	Clear uncounted liquid
Health	0	0		Clear unscented liquid. This is a nontoxic, non-hazardous
Flammability	1	1	Not Applicable.	product.
Reactivity	0	0	пот аррисавіе.	It has not been tested on animals.
Physical Hazard	0	0		te has not been tested on animals.

Toxicity	This product is nontoxic and non-hazardous.					
Primary Routes of	Inhalation	Skin	Eyes	Ingestion		
Entry	X					
Signs/Symptoms of Exposure	Inhalation	May cause respiratory irritation or other pulmonary effects following prolonged or repeated inhalation of oil mist airborne levels above recommended exposure limit. Symptoms of respiratory irritation may include coughing or difficulty breathing.				
	Skin	irritation or		ot expected to cause prolonged or significant rgic response. Not expected to be harmful to internal gh the skin.		
	Eyes	May cause slight stinging if product gets into open eyes.				
	Ingestion	Not expecte	ed to be harmf	ful if swallowed.		

Section 3: Composition/Information on Ingredients

				Exposure	Limits in	Air (mg/n	1 ³)		
		0	SHA - ppn	n	ACGIH	- ppm	NOHSO	- ppm	
Chemical Name	CAS#	PEL	STEL	IDLH	TLV	STEL	ES-TWA	ES-STEL	Wt. %

Tocopheryl acetate	7695-91-2	NA	NA	NA	NA	NA	NA	NA	1 %

SAFETY DATA SHEET

Date Revised: 2/1/2022

Section 4: First-Aid Measures

Inhalation	No specific first aid measures are required. If exposed to excessive levels of material in the air, move the exposed person to fresh air. Get medical attention if coughing or respiratory discomfort occurs.
Skin	No specific first aid measures are required. As a precaution, remove clothing and shoes if contaminated. To remove the material from skin, wash with soap and water. Discard contaminated clothing and/or shoes or thoroughly clean before reuse.
Eyes	No specific first aid measures are required. As a precaution, remove contact lenses, if worn, and flush eyes with large amounts of warm water.
Ingestion	If swallowed, get medical attention. Do not induce vomiting. Never give anything by mouth to an unconscious person.

Section 5: Fire-Fighting Measures

Flammability Limits	Lower Explosive Limit (LEL)	NE	Upper Explosive Limit (UEL)	NE		
Extinguishing Media	Dry chemical, Carbon Dioxide.					
Special Fire Fighting	This material will burn although it is not easily ignited. For fires involving this material, do not					
Procedures	enter any enclosed or confined fire space without proper protective equipment, including					
Procedures	self-contained breathing apparatus and full protective gear.					
Hazardous Products	Highly dependent on combustion conditions. A complex mixture of airborne solids, liquids,					
of Combustion	and gases including carbon monoxide, carbon dioxide, and unidentified organic compounds					
	will be evolved when this material undergoes combustion.					

Section 6: Accidental Release Measures

Protective	Flineinska all annuan of implication in visitality of availand make visit	
Measures	Eliminate all sources of ignition in vicinity of spilled material.	
Spill Procedures	Stop the source of release if you can do so without risk. Contain release to prevent further contamination of soil, surface water or ground water. Clean up spill as soon as possible, observing precautions in Section 3. Use appropriate techniques such as applying non-combustible absorbent materials or pumping. Where feasible and appropriate, remove contaminated soil. Place contaminated materials in disposable containers and dispose of in a manner consistent with applicable regulations.	

Section 7: Handling and Storage

Handling	Keep container closed when not in use.	
	Store at room temperature. Keep container closed when not in use. Container is not designed to	
Storage	contain pressure. Do not use pressure to empty container or it may rupture with explosive force.	
	Empty containers should be completely drained, properly closed, and disposed of properly.	

SAFETY DATA SHEET

Date Revised: 2/1/2022

Section 8: Exposure Controls/ Personal Protection

Use in a well-ventilated area. If engineering controls or work practices are not adequate to prevent exposure, personal protective equipment (nitrile gloves, gauntlets, splash goggles, protective clothing, respirator) should be worn.

Section 9: Physical and Chemical Properties

Appearance: Colorless liquid	Odor: Odorless	Boiling Point: > 500°F (> 260°C)	
Specific Gravity (H₂0=1): 0.82 - 0.86	Solubility in Water: Nil	Melting Point: N/A	
Vapor Density (Air=1): > 1	Vapor Pressure (mm Hg): < 0.01	Flash Point: 265°F (129.4°C)	
Evaporation Rate (Butyl Acetate=1:	Volatile Organic Compounds-voc		
N/A	(less exempt): N/A		

Section 10: Stability and Reactivity

Stability	This product is considered stable under normal conditions of use and ambient storage.		
Hazardous Polymerization Hazardous polymerization will not occur.		Hazardous polymerization will not occur.	
Incompatible Materials May react with strong oxidizing agents, such as chlorides, nitrat		May react with strong oxidizing agents, such as chlorides, nitrates, peroxides, etc.	
Conditions to Avoid		Storage in temperatures above 95°F (35°C).	
Hazardous Decomposition		None known (none expected).	
Products			

Section 11: Toxicological Information

This product is nontoxic.

Section 12: Ecological Information

The toxicity of this product to aquatic organisms has not been evaluated. Consequently, this product should be kept out of sewage and drainage systems and all bodies of water.

This product is not expected to present any environmental problems other than those associated with oil spills and is considered inherently biodegradable.

Section 13: Disposal Considerations

Dispose of absorbed material and containers in accordance with local, state, and federal regulations.

SAFETY DATA SHEET

Date Revised: 2/1/2022

Section 14: Transport Information

DOT	Not regulated as hazardous material for transport under 49 CFR.	
IATA	N/A	
IMO	N/A	

Not hazardous by U.S. DOT.

ADR/RID Hazard Class not applicable.

Section 15: Regulatory Information

TSCA Status: Not listed.

California Proposition 65: No California Proposition 65 chemicals are known to be present or intentionally added in

the manufacture of this product.

Section 16: Other Information

MANUFACTURER DISCLAIMER: This version replaces all previous versions. The information contained in this SDS and any recommendations, technical or otherwise, are presented in good faith and believed to be correct as of the date prepared. Although certain hazards are described herein, The Ipe Clip Fastener Company, LLC, cannot guarantee that these are the only hazards that exist. Recipients of this information and recommendations must make their own determination as to its suitability for their purposes. In no event shall The Ipe Clip Fastener Company, LLC, assume liability for damages or losses of any kind or nature that result from the use of or reliance upon this information and recommendations. The Ipe Clip Fastener Company, LLC, expressly disclaims any representations and warranties of any kind, whether express or implied, as to the accuracy, completeness, noninfringement, merchantability and/or fitness for a particular purpose with respect to any information and recommendations provided. The Ipe Clip Fastener Company, LLC, reserves the right to make any changes to the information and/or recommendations at any time, without prior subsequent notice.
