

Special Instructions for Wrap Grips

Important: All wrap style grips by Winn Grips need to be carefully installed.

Instructions:

- 1) Watch this video: <http://www.winn grips.com/grip-replacement>
- 2) Use plenty of solvent to lubricate the grip and shaft
- 3) Slide the grip on straight. If the grips are bent, they may come apart.
- 4) If you have any questions, please contact us at: 1-800-564-0862 or email: contact@grips4less.com

Disclaimer: Grips4less is not responsible for improper installation.
