OVERVIEW

Choose Ear Tips

Small

Middle

Large

It is recommended you try middle EarTips first, it fits most people

The earphones was worn as shown

Right ear

Micro USB interface for charging

(For first time pairing)

Take out both two Earphones then re-insert them into the case to activate the earphones.

Notes: If Earphones fail to be charged, pls charge the case via USB cable (for details, pls follow the bleow steps).

How to Pair

Put both Earphones into charging case to activate them then take out, both Earphones will auto power on and pair with each other. After the LED for left Earphones turns blue and red, right Earphones turns blue. Search TW01 on mobilephone and connect it.

(Notes: If fail to connect, pls try the following steps by hands.)

1. Press and hold both Earphones for 3s to power off
2. Press and hold two Earphones for 15s (LED blue ---red and blue blinks alternatively --- red and blue blink twice at the same time)
3. Press and hold two Earphones for 2s again to power on (LED blue), Or put the earphone back into the charging case and take it out.

Two Earphones will auto pair with each other. When LED on left Earphone turns blue and red, right Earphone turns blue, it means both sides connected successfully

Search for TW01 on mobilephone and connect it

Dual earphone usage mode: Take the left and right earphones directly from the charging compartment and put on the ear, the earphone will automatically connect and enter the pairing state.

Single earphone (drive) usage mode: Take the left (L) earphone directly from the charging compartment and put it on the ear to use it directly (provided that the dual earphones are successfully paired with the mobile phone).
