

Jetty Line Soft Braid

UV Stable double braided dock line. Great handling and abrasion resistance. 12mm diameter x 8m long.

Price \$37.14 (M13936A)

Polypropylene Rope

An economical all purpose line designed to float and ideal for net lines, man overboard gear and dinghy painters. Not suitable for continual exposure to sun, shiny finish. Blue only available up to 8mm, yellow, black or light green available in most sizes.

40mm	(06608D)	\$12.39

Nylon Rope 3 Strand

A twisted rope that is hand splicable and soft to touch. Most anchor lines are nylon because of its remarkable shock absorption qualities (20 - 25%) Characteristics - amongst the strongest man-made fibre used in rope, excellent shock absorption, stretches up to 46% before breaking, sinks in water (so it doesn't easily get caught in the propeller). Applications - anchor warp, light duty towing rope, some climbing ropes, commercial fishing.

6mm	(06810)	\$1.80/m - 800kg breaking load
8mm	(06811)	\$2.47/m - 1400kg breaking load
10mm	(06812)	\$2.97/m - 2100kg breaking load

Webbing 25mm Tubular

With an abundance of use, webbing is a must have for any nautical or on shore activities. The FLAT tubular design is very strong because the webbing is sewn into a circle. This can also be used as standard flat webbing in a 25mm form.

Polyester strap webbing mainly used for safety lines on deck as Jacklines (lines that run the length of the boat and enable users to secure their safety harnesses onto), but has many other uses such as tie downs and securing straps.

It has minimum stretch, will not cause mildew or mark your boat. It is hollow like a flattened tube, to give it very high strength.

Though not certified manufacturers advise a 2 ton approx breaking strain.

Price: 6.52/m (09518)

Netting- Life Line Medium/ Heavy Duty Stowage Net

Netting - Lifeline Medium Duty & Heavy Duty also suitable as a stowage net.

Strong braided nylon netting especially designed for lifelines around your vessel

It may be purchased by the metre that has an open diamond pattern, easy to see through giving maximum vision 50mm net (diagonal) x 25 meshes deep. You'll keep the sails out of the water and some of the smaller crew members on deck. Because the material is woven on the diagonal, 1m of purchased length varies depending on what height you want to pull it up to. For example on medium grade if you want your rail netting to be 750mm wide, then you will need to purchase 1.3m of netting Two grades available :

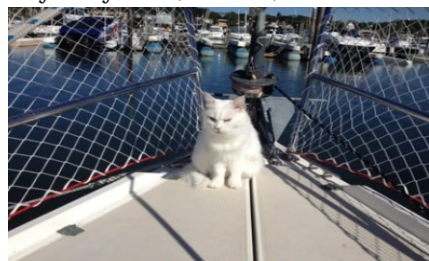

Medium Duty has a thinner material approx 2mm, and can be expanded out up to 750 mm maximum in width.

For 1 metre of net with a 600mm height(width), you will need to order 1.2m on the order form
For 1 metre of net with a 700mm height(width), you will need to order 1.3m on the order form
For 1 metre of net with a 750mm height(width), you will need to order 1.4m on the order form

Heavy Duty has a thicker material approx 3mm but also double woven, and can be expanded out up to 1100 mm maximum in width.

For 1 metre of net with a 700mm height, you will need to order .9m on the order form
For 1 metre of net with a 800mm height, you will need to order 1.0m on the order form
For 1 metre of net with a 900mm height, you will need to order 1.1m on the order form
For 1 metre of net with a 1000mm height, you will need to order 1.2m on the order form
For 1 metre of net with a 1100mm height, you will need to order 1.3m on the order form

Medium Duty	(00603H)	\$17.52
Heavy Duty	(00603G)	\$36.47

Rope

Newsletter -Current at March 2024

Polyester Cord Coloured or White

Constructed of polyester to give both sun and abrasion resistance, very low stretch.

Its flexibility and strength gives a multitude of uses.

Available in white, black, red, green, blue, gold and purple.

If time is not critical (allow 1 week) we can also do grey,tan,dark blue

2mm	(06616)	\$1.00/m
3mm	(06617)	\$1.19/m
4mm	(06618)	\$1.43/m
5mm	(06619)	\$2.26/m
6mm	(06620)	\$2.27/m

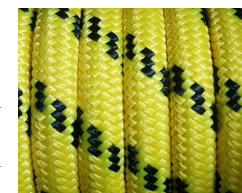

Floating Braid Soft

This rope provides buoyancy and high visibility in water. Ideal for throw ropes, floating lines, heavy net lines and dinghy painter.

Handles like soft braid, made from polypropylene.

6mm	(06713G)	\$2.79/m
8mm	(06713H)	\$4.54/m
10mm	(06713I)	\$6.21/m
12mm	(06713J)	\$8.31/m

Polyester Straight Braid

Economical double braided Polyester line Ideal for lighter duty low abrasion applications.

Soft to handle - ONLY IN BLACK

6mm	(06713A)	\$1.52/m
8mm	(06713B)	\$3.34/m
10mm	(06713C)	\$3.41/m
12mm	(06713D)	\$4.65/m

Brights Braid Polyester

Braided polyester core and cover make a strong, UV and abrasion resistant rope. Popular for sheet, halyards and control lines on Sail boats. Also used as high standard mooring lines at jetties occasionally as they are less prone to squeaking in the night. This rope is the same as our Commodore range, but comes in solid colours. Ultra soft and remains so.

Ultra bright solid colours available - red, green, blue, fluorescent pink, purple, orange and black. Other Colours and sizes may be available to find out just Contact us

mm sizes refer to outside diameter and depending on the lay may vary + or - 1mm

Available /m & /100m.

6mm	(06709)	\$3.12/m	700kg
8mm	(06710)	\$3.94/m	1250kg
10mm	(06711)	\$5.53/m	1800kg
12mm	(06712)	\$6.47/m	2600kg
14mm	(06713)	\$9.40/m	3100kg

Ski Tow Rope

Two section rope is designed to pull a single rider at 60' (18.2 m) or 75' (21 m)
EVA molded handle, meets and exceeds WSIA standards - UV resistant
Includes free line keeper for easy storage.

Price: 70.10 (M09015A)

Anchor Packs Spliced Nylon

Pre-spliced and ready to use, these are constructed of high stretch nylon, have a thimble and eye on one end and blank for threading through a cleat or bollard at the other end. Neatly coiled and packaged. Nylon sinks, so it doesn't easily get caught in your propeller like a floating rope would. Stretch is necessary with an anchor rope - nylon is around 20-25% stretch, so it doesn't suddenly pull at the anchor yanking it out. High strength excellent wearing, rot and abrasion resistant. Always keep spare

8mm x 30m	(06916)	\$86.75
8mm x 50m	(06917)	\$118.22

16mm x 50m	(06922)	\$257.30
16mm x 100m	(06923)	\$497.47

Spectra/ Dyneema Braid

Spectra yachting braid offers optimum control and reliability for the competitive yachting sector.

We use this to replace wire halyards on dinghy's to keelers and racing yacht genoa sheets.

The close weave cover of braided polyester combined with the remarkable characteristics of a braided core of spectra fibre produces a braid with a high strength & extra low stretch.

When using for halyards you must bind both ends thoroughly by sewing to avoid separation of the inner from the outer core.

12mm	(06808)	\$20.79
14mm	(06809)	\$31.41

Knot Card - 42 Knots

An ingenious learning aid printed in the form of a 215mm x 135mm card which incorporates over 40 knot illustrations and comes complete with two lengths of short cord (different colours) to practice knot tying.

\$15.44 (01303)

Polyester Commodore Braid

Developed from double braid polyester core with a braided outer cover using a 16 carrier process.

Designed for easier handling without compromising performance standards.

Softness of the outer cover means it flattens around winches giving greater traction.

Splicable, Braided polyester core and cover make a strong, UV and abrasion resistant rope.

Popular for sheet, halyards and control lines on Sail boats.

Also used as high standard mooring lines at jetties occasionally as they are less prone to squeaking in the night.

This rope is the same as our brights range, but comes in white background. Ultra soft and remains so.

Used for genoa sheets, on cruising yachts and main sheets. Ideal for sheets and halyards.

All sizes available white with coloured fleck of blue, green, red, black or red/blue. Available /m and /100m.

As a guide only, breaking strains are :

6mm - 700kg	
8mm - 1250kg	
10mm - 1800kg	
12mm - 2600kg	
14mm - 3100kg	

6mm	(06703)	\$2.27
8mm	(06704)	\$3.13
10mm	(06705)	\$4.40
12mm	(06706)	\$5.32
14mm	(06707)	\$7.76
16mm	(06708)	\$9.63

Synthetic Winch Rope

Made from a space age low stretch HPP fibre which is up to 15 times stronger than steel. Low stretch. High visibility orange colour. No more rusting wire or metal splinters in the hands. It will out last a steel wire many times. Very easy to fit.

It will attach to the winch drum in the same manner as a normal steel wire. Rope breaking strain: 3800kg. (2500kg for 5m length)

5m x 5mm	(M13399A)	\$66.83
7m x 6.3mm	(M13399)	\$77.56
9m x 6.3mm	(M13399C)	\$96.55

Rope Hoist Ton

1 Tonne Rope Hoist, 7:1 Lifting Power.

65 ft (20m) of 3/8in (10mm) twisted Nylon Rope with Rugged 2 1/2in (62mm) Nylon Pulley.

Zinc plated steel, drop forged eye sling hooks and clip 1 Tonne Working Load Capacity.

Steel pulleys and hooks - Block and Tackle

PRICE \$60.30 (M14575)

Polyester Cord White

Basic white tie down cord, ideal for lashing and securing.

Polyester is lower stretch than Nylon, so perfect for situations where you do no need play.

Perfect for use as sail ties in smaller sizes or tie downs in the larger sizes.	2mm (06612)	\$0.49/m
	3mm (06613)	\$0.56/m
	4mm (06614)	\$1.12/m
	5mm (06615)	\$1.87/m

Available /m and /100m.

Shock Stretchy Cord (7 Sizes)

An extremely versatile rubber cored cord and very useful on all boats for holding genoa blocks off the deck, holding and stabilising the tiller, sail & canopy ties. The outer casing is a polyester to reduce the sun's rays on the rubber core.

Used as cockpit tie downs, life jacket netting retainers, quick sail ties, ute canopy tie, kayak splash cover retainers.

Below deck it makes a fine retainer for loose gear & is even ideal for hanging curtains.

Price is per metre

2mm	(06608B)	\$1.38
3mm	(06608A)	\$1.96
4mm	(06609)	\$2.12
5mm	(06609A)	\$2.72
6mm	(06610)	\$3.13
8mm	(06611)	\$4.65
12mm	(06611B)	\$10.35

Rope Cutter Sealer

A handheld rope cutter 230V that is designed to seal the face of synthetic ropes and webbing - also sail cloth and most synthetic fabrics. Comes with blade all in convenient carry case.

PRICE \$321.19 (06970)

Standard Hollow Tapered Splicing Fids

Stainless steel hollow groove splicing fids with a solid plastic handle.

Used to assist in splicing rope.

Three sizes available:

Small	(06901) - 170mm	\$26.26
Medium	(06902) - 280mm	\$39.60
Large	(06903) - 390mm	\$77.91

Single Winch Braid

Sometimes referred to as a winch rope, it is simply the spectra/ dyneema core that comes inside that conventional. Dyneema low stretch braid. Rather than having the extra bulk and weight added by the polyester outer, the core material (dyneema) has been coated with a U.V. resistant coating, to help extend the life. Extremely high breaking load.

4mm	(06803A)	\$8.37
5mm	(06804E)	\$5.94
6mm	(06804D)	\$6.47
8mm	(06804C)	\$9.48

Modern Hemp Manila Style Rope

This Hemp style Poly (synthetic copy) Rope is popular with traditional boats and on land for specific landscaping effects it is soft handling and has a "hairy look and feel" mean this rope has the authentic look of natural fibre, and yet made from modern fibres. It has no shine like most modern ropes and the whiskery look is soft yet imitates old style hemp, manila rope. Being made from Polypropylene, hemp style gives all the aesthetic qualities of natural fibre but with the benefits of modern technology - floats, non-rot, UV resistant.

Splice-able 3 strand Polypropylene construction looks just like hemp or sisal rope.

Stocked in 8,10, 12 and 16mm with other sizes often available on request. All priced per metre.

Breaking Loads

8mm - 480kg approx
10mm - 950kg approx
12mm - 1360kg approx
16mm - 2500kg approx

8mm	(06811A)	\$2.94
10mm	(06812A)	\$4.39
12mm	(06813A)	\$5.69
16mm	(06815A)	\$9.98

Braid Splicing Fids S/S

Create your own beautifully spliced lines with this quality set made in Europe. If you have never spliced braided line before, it is not too hard to learn - plenty of resources available online. Norwegian Stainless Steel Kit of four Fids in hollow spike.

Comes with splicing instructions.

Primarily designed for braided rope, but may also be used on twisted rope.

4 set (M12532) Suits twisted rope up to 16mm and braided rope up to 14mm.

5 set (M12532A) Suits twisted rope up to 20mm and braided rope up to 16mm.

4 FID	(M12532)	\$138.66
5 FID	(M12532A)	\$188.25
